LONDON, Sept. 7 (UP)—British officials tonight signaled a major switch in Suez policy with strong hints that Britain will take the dispute to the United Nations.

The fact that the Menzies mission in Cairo now has reported failure to win Egyptian President Nasser's agreement to international operation of the canal under scored the importance of the new proposal.

Inability to get President Gamal Abdel Nasser to agree to Secretary of State John Foster Dulles' plan for international control of the waterway.

Informed sources said that the American committee member, Deputy Under Secretary of State for Administration Loy W. Henderson, had been in contact with Dulles, probably by telephone, on the crisis which deepened rather than cleared after four full meetings with Nasser.

New meeting was scheduled in the talks which were in recess Friday because of the Moslem Sabbath. However, committee spokesman Noel Deschamps said the group would meet the Egyptian president again "if only for courtesy sake."

British Consult With U. S., Others On Canal Dispute

LONDON, Sept. 7 (UP)—Britain is consulting with the United States, France and other "interested" nations on what to do next in the Suez Canal crisis, diplomatic sources disclosed Friday.

Informants said possible steps, including use of the British expeditionary force being built up in the Mediterranean, would hinge on the report next week by Australian Prime Minister Robert G. Menzies, chairman of the five-nation committee now negotiating in Cairo with Egyptian President Gamal Abdel Nasser.

It was disclosed that Britain has drawn up several alternative proposals for guaranteeing international control of the Suez Canal.

The sources said these "next step" proposals had been under discussion with France and the United States and probably are being expanded to include other nations interested in the canal.

An official British foreign office spokesman denied that Britain was under pressure from the United States to put the Suez dispute before the United Nations.

Pine Bluff Plans Gradual Mixing Of Races In Schools

PINE BLUFF, Ark., Sept. 7 (UP)—Gradual racial integration in public schools here will begin in September, 1958, the Pine Bluff school board announced today.

This city has been the site of numerous anti-integration meetings. About half the population is Negro.

Board chairman Gordon E. Young said that the board originally had planned to begin integration in 1957, but later decided to delay a start until 1958 when it was learned that a building program would not be completed until then.

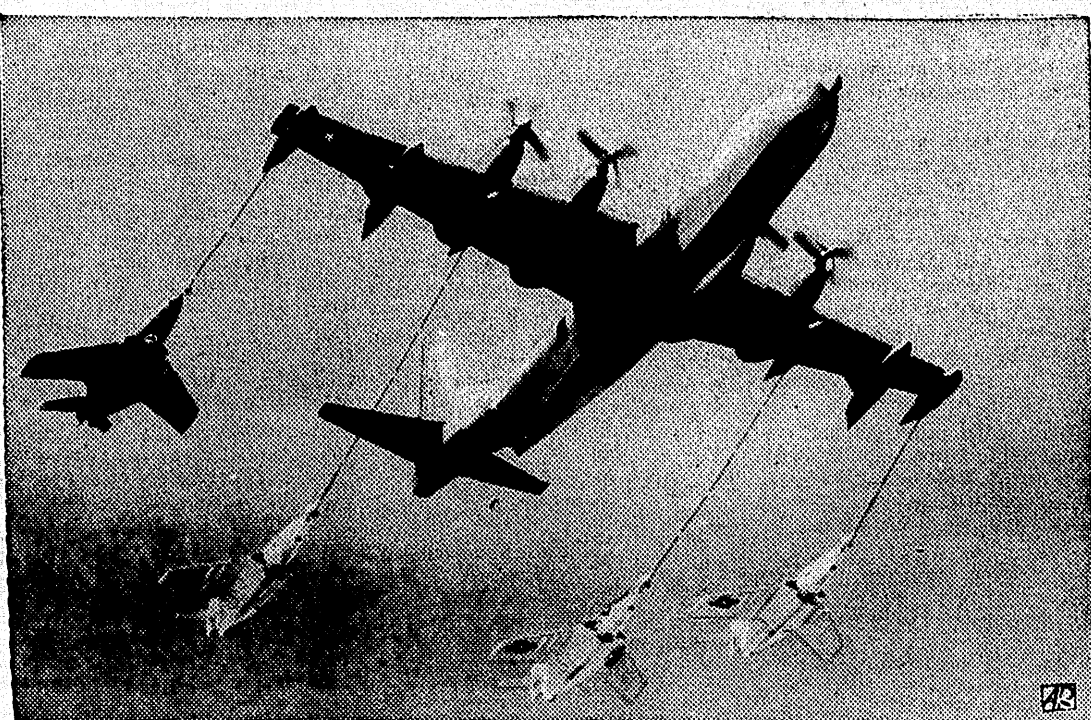

The plan calls for integration in the first grade the first year, the second grade the second year, and continuing until all 12 grades are integrated.

The statement by Young indicated that the board might delay some phase of integration in case of "overcrowded facilities."

Sept. 14 Deadline Nears

59 File For Convention Posts; No Candidates Yet Qualified In 30 Parishes

BATON ROUGE, Sept. 7 (AP)—Fifty-nine candidates have filed as constitutional convention delegates with the deadline still seven days away, Secretary of State Wade O. Martin Jr. said today.

Those qualifying so far are from 34 of the state's 64 parishes.

No delegate has filed in the 30 remaining parishes.

However, nine of the 59 qualified today and there is every indication the final week will draw a rush of candidates before the Sept. 14 deadline.

Gov. Earl Long's convention, if approved at the polls Nov. 6, would open Jan. 7 with 121 delegates.

Of that number, 101 would be elected from the 64 parishes on the same basis as state representatives. The governor would name the remaining 20.

The people will vote for the delegates at the same time they decide whether the convention should be held.

Candidates can qualify by filing a notice of their candidacy with the secretary of state. They must (1) be a qualified Louisiana voter, (2) have been a state resident five years, (3) have lived in their parish two years, and (4) have lived in their precinct at least six months.

Martin listed the 59 candidates by parish:

Allen—John P. Navarre and C. W. Berry Jr., Oberlin.

Ascension—Henry P. Glaze, Gonzales.

Avoynes—Paul Borrel, C. E. Laborde Jr., and John E. Regard, Marksville.

Louisiana Polio Cases Up Sharply From Last Year

PITTSBURGH, Sept. 7 (UP)—U.S. Steel Corp. today announced an increase of approximately 14 percent in prices for tin plate, the basic material from which food cans and other similar containers are made.

The increase was at the rate of 10 cents per base box, equivalent to approximately \$2.20 per ton, U. S. Steel said. A "base box" of tin plate is 12 sheets of metal 14 inches long and 20 inches wide, and in most grades weighs slightly less than 100 pounds.

The higher price is effective Nov. 1.

The announcement did not assign any specific reasons for the increase.

Miscellany In The News

HAMDEN, Conn., Sept. 7 (UP)—Authorities said Friday after hours of questioning the mother of tiny Cynthia Ruotolo that they believed the baby was the victim of a kidnaper.

"As of now, we're proceeding on the theory of kidnapping and a murder," said State's Attorney Abraham Ullman.

WASHINGTON, Sept. 7 (UP)—Sole bank certificates given farmers for reducing acreage of wheat, corn and rice will be valued, for exchange and redemption purposes, at 105 per cent of cash value, the Agriculture Department announced today.

This applies, the announcement said, when the certificates are exchanged for grain in the Commodity Credit Corporation (CCC) inventory or when used to redeem

grain that has been put under price support loans.

If a farmer wants cash the certificates will be redeemed at 100 per cent of value.

WALDRON, Ark., Sept. 7 (UP)—A gaunt Mississippi Negro, hungry after hiding a week in surrounding hills, was shot by a passerby and captured near this west Arkansas town today.

Sheriff Glenn Abbott said the Negro identified himself as Marshall Ezell Kimmon, sought by police since a Negro careened past a roadblock in a stolen car and fired at state troopers near Ola, Ark., Aug. 31.

\$6,400 Shared By Top Rodeo Riders; 1956 Show Ends

Twenty - Six cowpokes staked claim on 6,400 worth of prize money last night in the payoff performance of the Eleventh Annual North Louisiana Rodeo at the West Monroe Arena.

With six events offering challenges to the 114 performers entered in the five-night show a first winner was named for each contest with three runnersup.

Rodeo officials termed the 1956 edition of North Louisiana rodeo to the Old West the most successful in its eleven year history.

Riders from all over the area turned out in force for each performance and made the grand entry an outstanding feature of the show. Some 800 riders participated in the entry on opening night, last Monday.

State, Smiley Burnett, gave the finale crowd something to laugh about, cracking jokes in the gravel voice that earned him the name "Frog" and doing imitations that have made him a popular personality with American kids.

Bob Hinson of Crosby, Tex., was the rodeo's big money man, claiming a week's work of \$361.25 in the bulldogging contest. Following him was Dick Barrett of Ryan, Okla., who won \$232.50 in the bareback bronc riding event.

The other first place winners were Jo Ann Rhoades, Wright City, Okla., \$134, cowgirls barrel race; David Shellenberger, Marietta, Okla., \$124 in the Brahma bull riding; Freddie Dodd of Atoka, Okla., and Scotty Hall of Pearce, S. D., \$105 each in the saddle bronc riding; and Vernon Kerns of Hearn, Tex., \$168.80, calf roping.

Following Hinson in the bulldogging were Fred Warford of McAllister, Okla., \$180.75, Bill Agee of Canyon, Tex., \$140.50 and Clyde May of Deming, N.M., with \$80.50.

Shellenberger's runner-ups include Claude Jake Williams of Ponca City, Okla., \$93, Junior Meeks of Amite, \$82 and Tex Martin of Alpine, Tex., \$33.

Behind Barrett were Freddie Brown of Lawton, Okla., with \$81.30 Marvin Holmes, Pikesburg, Okla., \$58.20 and Louis Davenport, Ponca City, Okla., \$29.10.

With cowgirl Rhoades the consistent leader throughout—sweeping first place in the barrel race, two Monroe girls and one from Houston, Tex. followed.

Sissy Thurman, of Houston, placed second, winning \$86.10, and JaNell Gentry was third for \$45.90 and Barbara Cloyd finished fourth, winning \$16.75.

Placing behind Dodd and Hall in the saddle bronc riding were Freddie Brown of Lawton, Okla., in third for \$60 and Billy Meyers, Pearce, S.D., fourth for \$30.

Dough Thurman, of Houston, won \$125.10, placing second behind Kerns in the calf roping event. Bryond Wolford, of Tyler, Tex., placed second and was awarded \$62.55 and tied with Carl Prell, of Tyler, also winning \$62.55.

Within an hour after the last show the arena was vacant, the participants had left, either for home or to enter another rodeo.

It was Homer Todd's sixth time to produce the show. The Fort Smith, Ark. producer opened it 11

City Considers Plan To Boost Utility Rates

The Monroe city government yesterday unfolded a rate survey on the municipal water and light departments and announced that it is now studying proposed rate increases designed to bring in an additional \$344,500 to the city treasury annually.

A schedule of the proposed new rates was included in the half-inch thick survey.

The estimated \$344,500 increase expected to come should the new rate schedule be adopted was based on figures of the last fiscal year, ending April 30, 1956. The two departments took in a total of \$2,321,217.28 last year.

A breakdown of the boost reveals that \$150,000 of the increase would come from residential electric customers who would pay 16.8 per cent more for electricity than they now pay.

Commercial and industrial electric customers would pay \$133,500 through a 12.3 per cent boost in present rates.

Water costs would be boosted 17.7 per cent, netting an additional \$61,000 annually for the city.

Mayor Jack Howard said no action has yet been taken to boost the rates. "We are now studying the survey and the structure of the new rate proposals," Howard said.

Financially pinched, the city has been searching for new revenue sources. Shortly before the last administration went out of office a garbage tax fixed and assessments were attached to utility bills.

These measures, although they have been readjusted since the new administration came in, are still in force.

The lengthy report released by the city yesterday was prepared by Bernard and Burk, consulting engineering firm from Baton Rouge. The report, detail in every respect, includes charts, graphs and figures that compare Monroe's utility rates to those of various other cities in Louisiana.

Monroe's electrical rates, according to the survey, are now below the average in cities on which the comparison was based.

The comparison was based on Alexandria, Franklin, Homer, La. (Continued on Second Page)

Alexandria Cross Burnings Labeled 'Prank' By Police

ALEXANDRIA, La., Sept. 7 (UP)—Police Capt. Tyrus French said today the burning of three crosses in Alexandria was a juvenile prank.

The crosses were burned last night and early this morning near two Negro public schools and a white Roman Catholic school. Witnesses said they saw five teen-agers and white boys set fire to one cross.

"We have not had any trouble here," said French. "This thing is just the result of a bunch of juveniles trying to instigate some thing."

Jackpot Holds Fast In Cross Word Puzzle Contest With \$875 At Stake

By BONANZA BILL

In one of the clues to this week's Morning World cross word puzzle solution, the explanation read in part "...At a party, one should sing gaily, not sadly." However, when the judges finished looking over the entries in this week's contest, there was no incentive for gaiety, and the jackpot held securely its prize load of \$875.

Next week, however, the jackpot level will be increased to \$900 for the puzzle to be published in Monday and Tuesday editions of the World.

Here are explanations of the more difficult clues to this week's puzzle solution:

Supreme Court Justice Resigns

Brownell, Parker And Dulles Cited As Possible Successors To Minton

WASHINGTON, Sept. 7 (UP)—Associate Justice Sherman Minton, an original New Dealer who later switched to the middle of the road, Friday announced his retirement from the Supreme Court because of illness.

The 65-year-old jurist wrote President Eisenhower he was reluctantly stepping down Oct. 15. He said he is suffering from pernicious anemia which brings on old age prematurely and prevents him from carrying out the exacting duties of his office.

Minton's surprise announcement left the door open for Mr. Eisenhower to name a fourth Republican to the nine-member court. The bench now is made up of six Democrats and three Republicans—Chief Justice Earl Warren, Harold H. Burton and John Marshall Harlan.

Speculation on Successor

Initial speculation on a successor to Minton centered on Attorney General Herbert Brownell Jr., Secretary of State John Foster Dulles and John J. Parker of North Carolina, chief judge of the Fourth Circuit Court of Appeals.

But forecasting court appointments is tricky business. No one was more surprised than Minton, a poor boy from Indiana who made good the hard way, when he was named to the nation's top tribunal to succeed Justice Wiley B. Rutledge in October, 1949.

Minton never had been conceded a chance for the court by political observers because he was one of the tight group of New Deal senators who backed the late President Roosevelt's 1937 Supreme Court packing plan.

But he was a long-time friend and Senate colleague of former President Truman, the man who (Continued on Second Page)

One Teacher Hurt

School Wrecked By Explosion; 400 In Narrow Escape

SPRINGFIELD, Ohio, Sept. 7 (UP)—An explosion wrecked a brand new addition to a school building at nearby Dannelsville today only an hour after 400 pupils left classes.

One teacher was pinned in the rubble and injured. She was believed the only person in the building at the time.

Cause of the blast—which stopped a school clock at 4:47 p.m. EST—was not immediately known.

But the school architect, Ralph Harmon, who arrived at the scene shortly afterwards, said he smelled "an accumulation of gases over a wide area in the building and the blast was centered around the kitchen."

The one-story brick school building was built this summer at a cost of \$190,000, Harmon said. It opened for classes three days ago.

The explosion caved in the roof and tumbled walls. Those walls that were left standing were cracked, Harmon said. He estimated the building was 90 per cent lost.

Mrs. Elma Blackburn, 56, was trapped under a desk in her third class.

Sturgis Quiet As 9 Negroes Remain Away

Pickets Prevent
Negro Enrollments
At Texarkana, Ark.

By UNITED PRESS

Attempts by white demonstrators to boycott integrated public schools spread in West Virginia Friday and pickets prevented three Negroes from enrolling at a junior college in Arkansas.

In Kentucky, nine Negro students who began classes at the mining town of Sturgis under the protection of the National Guard Thursday failed to return for the second day. One said that they were staying away "for fear of reprisals against our fathers."

Two Negro children at nearby Clay, Ky., also turned back from school Friday when they saw a crowd of 75 white demonstrators around the building.

But at Clinton, Tenn., where National Guardsmen also maintained order, 12 Negroes completed their second week of classes at the high school without incident.

The town of Clinton declared a strict curfew keeping persons under 21 off the streets between 7 p. m. and 4 a. m. The local police force also was doubled to 12 men and a large auxiliary force was being mustered. These precautions were taken against the day when the military is withdrawn.

The boycott action in West Virginia affected five schools with a total enrollment of about 1,000. About 125 white adults attempted to keep children and teachers out of the Mt. Gay elementary school in Logan county. At Bluefield, a Negro father said he was pushed down the steps at a grammar

Plastic Balloon Sets New World Altitude Record

MINNEAPOLIS, Sept. 7 (UP)—A balloon built by the University of Minnesota reached an altitude of 141,000 feet Friday, a new world record, and still was climbing.

Dr. Edward Ney and John Winkler, professors of physics, launched the plastic balloon Friday morning at the university.

Ney, Winkler and other professors were watching the balloon soar into the stratosphere from the observatory atop the physics building on the campus.

The old record of 120,000 feet was set here last summer.

Ney said he was "very excited" by the new balloon which was built this summer at the university.

"The reason for the new record is the lighter plastic," Ney said. "This plastic is only about one-fourth as thick as the previous balloons."

It is filled with helium and a camera is recording the entire flight. The balloon soared about 60 miles to the east before it drifted back over Minneapolis to give the men who launched it the thrill of watching their own record.

Ney said cosmic ray and meteorological material is also aboard the balloon. It is 140,000 cubic feet in size.

59 File For Convention Posts; No Candidates Yet Qualified In 30 Parishes

BATON ROUGE, Sept. 7 (AP)—Fifty-nine candidates have filed as constitutional convention delegates with the deadline still seven days away, Secretary of State Wade O. Martin Jr. said today.

Those qualifying so far are from 34 of the state's 64 parishes.

No delegate has filed in the 30 remaining parishes.

However, nine of the 59 qualified today and there is every indication the final week will draw a rush of candidates before the Sept. 14 deadline.

Gov. Earl Long's convention, if approved at the polls Nov. 6, would open Jan. 7 with 121 delegates.

Of that number, 101 would be elected from the 64 parishes on the same basis as state representatives. The governor would name the remaining 20.

ALEXANDRIA, La., Sept. 7 (UP)—Police Capt. Tyrus French said today the burning of three crosses in Alexandria was a juvenile prank.

The crosses were burned last night and early this morning near two Negro public schools and a white Roman Catholic school. Witnesses said they saw five teen-age white boys set fire to one cross.

"We have not had any trouble here," said French. "This thing is just the result of a bunch of juveniles trying to instigate something."

The one-story brick school building was built this summer at a cost of \$190,000, Harmon said. It opened for classes three days ago.

The explosion caved in the roof and tumbled walls. Those walls that were left standing were cracked, Harmon said. He estimated the building was 90 per cent lost.

Supreme Court Justice Resigns

Brownell, Parker And Dulles Cited As Possible Successors To Minton

WASHINGTON, Sept. 7—UP—Associate Justice Sherman Minton, an original New Dealer who later switched to the middle of the road, Friday announced his retirement from the Supreme Court because of illness.

The 65-year-old jurist wrote President Eisenhower he was reluctantly stepping down Oct. 15. He said he is suffering from pernicious anemia which brings on old age prematurely and prevents him from carrying out the exacting duties of his office.

Minton's surprise announcement left the door open for Mr. Eisenhower to name a fourth Republican to the nine-member court. The bench now is made up of six Democrats and three Republicans—Chief Justice Earl Warren, Harold H. Burton and John Marshall Harlan.

Speculation on Successor

Initial speculation on a successor to Minton centered on Attorney General Herbert Brownell Jr., Secretary of State John Foster Dulles and John J. Parker of North Carolina, chief judge of the Fourth Circuit Court of Appeals.

But forecasting court appointments is tricky business. No one was more surprised than Minton, a poor boy from Indiana who made good the hard way, when he was named to the nation's top tribunal to succeed Justice Wiley B. Rutledge in October, 1949.

Minton never had been conceded a chance for the court by political observers because he was one of the tight group of New Deal senators who backed the late President Roosevelt's 1937 Supreme Court packing plan.

But he was a long-time friend and Senate colleague of former President Truman, the man who (Continued on Second Page)

SPRINGFIELD, Ohio, Sept. 7 (UP)—An explosion wrecked a brand new addition to a school building at nearby Dannelsville today only an hour after 400 pupils left classes.

One teacher was pinned in the rubble and injured. She was believed the only person in the building at the time.

Cause of the blast—which stopped a school clock at 4:47 p.m. EST—was not immediately known.

But the school architect, Ralph Harmon, who arrived at the scene shortly afterwards, said he smelled "an accumulation of gases over a wide area in the building and the blast was centered around the kitchen."

Sturgis Quiet As 9 Negroes Remain Away

Pickets Prevent
Negro Enrollments
At Texarkana, Ark.

By UNITED PRESS

Attempts by white demonstrators to boycott integrated public schools spread in West Virginia Friday and pickets prevented three Negroes from enrolling at a junior college in Arkansas.

In Kentucky, nine Negro students who began classes at the mining town of Sturgis under the protection of the National Guard Thursday failed to return for the second day. One said that they were staying away "for fear of reprisals against our fathers."

Two Negro children at nearby Clay, Ky., also turned back from school Friday when they saw a crowd of 75 white demonstrators around the building.

But at Clinton, Tenn., where National Guardsmen also maintained order, 12 Negroes completed their second week of classes at the high school without incident.

The town of Clinton declared a strict curfew keeping persons under 21 off the streets between 7 p. m. and 4 a. m. The local police force also was doubled to 12 men and a large auxiliary force was being mustered. These precautions were taken against the day when the military is withdrawn.

The boycott action in West Virginia affected five schools with a total enrollment of about 1,000. About 125 white adults attempted to keep children and teachers out of the Mt. Gay elementary school in Logan county. At Bluefield, a Negro father said he was pushed down the steps at a grammar (Continued on Second Page)

Plastic Balloon
Sets New World
Altitude Record

MINNEAPOLIS, Sept. 7 (UP)—A balloon built by the University of Minnesota reached an altitude of 141,000 feet Friday, a new world record, and still was climbing.

Dr. Edward Ney and John Winkler, professors of physics, launched the plastic balloon Friday morning at the university.

Ney, Winkler and other professors were watching the balloon soar into the stratosphere from the observatory atop the physics building on the campus.

The old record of 120,000 feet was set here last summer.

Ney said he was "very excited" by the new balloon which was built this summer at the university.

"The reason for the new record is the lighter plastic," Ney said. "This plastic is only about one-fourth as thick as the previous balloons."

It is filled with helium and a camera is recording the entire flight. The balloon soared about 60 miles to the east before it drifted back over Minneapolis to give the men who launched it the thrill of watching their own record.

Ney said cosmic ray and meteorological material for the Navy, Army and Air Force is also aboard the balloon. It is 140,000 cubic feet in size.

by one way of TESTING.

14. A great ORATION may stand out as a landmark in his career. He would remember the OCCASION, or the CAUSE, of the OVATION rather than the OVATION itself.

16. TIP is more apt. A hot water TAP is marked or indicated not "described." A racing TIP is "described" as hot.

17. TRAP is best. The modern automobile and bus have made the TRAM and old-fashioned automobile disappear altogether in many parts. The pony and TRAP, a pleasure conveyance, will always have some popularity regardless of gasoline vehicles.

21. ROT is preferred here. One does not listen (i.e. give ATTENTION) to a ROW, mere noise; one simply hears it. We have all listened to someone talking ROT before now, and quickly tired of it.

22. POEM is more apt. It is poetry that is really appreciated, not the POET himself, as a person.

23. PAT is best. Webster defines the adverb PAT as meaning: "exactly, perfectly" — e.g. without error. He got them off PAT (perfectly, without error). Note that the teacher was "surprised." Nothing else would bring "surprise."

had he got them off a PAL or a PAD her reaction would probably be annoyance or anger — not surprise.

CLUES DOWN:

1. We cannot assume that father HAS A WIFE — he may be a widower. Financial troubles are bound to have some effect on his LIFE.

2. CHAIN is the better answer. If broken, a CHAIN has to be MENDED before you can use it again. This is not necessarily true of CHAIR, which, even if broken, may still be usable.

3. CARDS is best. Their CARES ARE their worries. CARDS are something they may worry OVER.

4. He can hardly CLARE at ALL the opposition, only at some of them, or in their general direction. It won't help him to BLARE, or merely bellow at them, of course.

7. GET best suits the clue. It is natural to say: "GET off FROM THE OFFICE," or: "SET off HOME." One usually GETS off FROM somewhere, and SETS off TO GO somewhere.

11. He will only take DRASTIC action in the face of serious offense, favoring DOPE. Trying to DUPE or fool him may be a mere joke.

13. BIT fits the clue better. Being a case of assault it is assumed prisoner HIT him. Since judge was "particularly" severe something

additional is assumed, favoring BIT.

19. NOT possible. As far as it is possible to say, space travel IS (NOW) possible — it is merely not yet practicable. A statement that it was NOT even a possibility would contradict accepted opinion, thus causing a stir.

NEW YORK, Sept. 7 (AP)—Former Gov. Thomas E. Dewey today rejected a suggestion by State Atty. Gen. Jacobs K. Javits that he seek the Republican nomination for U. S. senator, Javits said he, therefore, would continue to seek the nomination for himself.

"We cannot afford but to be hopeful about the outcome of the Cairo talks," he said.

But committee sources confirmed that the deadlock is still complete.

Sources said there probably would be some last-gasp try at reaching agreement, but that most hope was gone.

Deschamps said that "in all probability" the Menzies committee would decide Saturday when to meet Nasser again.

Menzies was reported anxious to leave for London Sunday to report to Prime Minister Sir Anthony Eden.

"There is no provision nor contemplation to stay another week (in Cairo)," Deschamps said.

He replied with a curt "no comment" to all questions about progress.

Dr. Chester Swor, one of the most brilliant evangelists in the entire south, is favoring Monroe by another engagement, this time at College Place Baptist church. He began a week's series at this church Friday night and it will be continued through next Friday night.

In the times Dr. Swor has appeared here he has captivated each and every audience by the strength of his personality and his complete devotion to the cause he represents.

Also one must take into consideration the fact that he is crippled but physical injuries are nothing in his sight, for he goes ahead determined to win souls for Christ and to show that what he has suffered by what others would term complete inability, has even stressed his determination.

He just has something that it seems the rest of us lack and he is using his talent to proclaim a victorious Christ. No one can listen to him without being thrilled for he testifies to what he has seen and done through the grace of his Savior.

Any who fail to hear Dr. Swor will have lost something that can not be replaced in any easy way. He is a marvelous man. There is no man just like him and Monroians are greatly privileged to have him here even for the short time of a single week.

years ago and had produced it for the past three years.

According to general manager Herbert Land the attendance, although not the greatest in the rodeo's existence, was outstanding. Approximately 20,500 persons attended the five performances.

Last night's crowd, numbered about 3,500, was possibly the most enthusiastic, with the exception of the opening night gathering. Jacks and sweaters were in evidence as a brisk wind whipped out of the northeast.

Fitting tribute was paid to bull-teaser Buck LeGrand of Ponca City, Okla., as he was made an honorary member of the West Monroe Police Department yesterday.

Yesterday was also LeGrand's 25th birthday and he celebrated it by luring the snorting brachmas around the arena. He was the outstanding star of the entire show.

Crowns Wes Curtis of Huntington Beach, Calif., and stunt rider Jimmy Murphy of Winsor, Neb., were popular throughout the entire show, and one official said announcer Bud Townsend of Henryetta, Tex., was the best ever.

The show also featured the most stars in its history. Singer Eddie Dean appeared the first three nights with movie Tex Ritter starring Thursday night, and Smiley Burnett last night.

The Sperry residence on Grammont street, opposite the St. Matthew's school, was razed to a site miles distant and the site is used as a parking lot. This home was one of the choice ones hereabouts many years ago.

As time has gone on the rectory at one time for Grace Episcopal church on Oak street was, a few days ago, leveled to make room for modern progress planned.

These are just a few of the homes of the city that are disappearing. Hotel Monroe, later known as the Earl, now to be called Hotel Penn, has undergone changes. One large brick addition to the main building has been demolished and a three-story brick facing on Wood street opposite the court house is marked for destruction next.

When this site is cleared off, it will form a Wood street driveway into the Hotel Penn's parking lot.

Seems like with the present expansion of the fast growing Twin Cities that old time, quite often colonial, homes of the late nineteenth hundreds, are on their way out. One after another has been razed the past few months to make way for business.

The L. N. Larche home at Arkansas avenue and North Third street is the latest to be likely to be replaced by a business house as it is only a block from commercial Louisville avenue.

The Bernhardt home, a costly three-story and basement mansion on North Third street, was razed more than a year ago. The site is now a parking lot.

The Handy home on Riverside drive, a few weeks ago was dismantled and now remains as a vacant lot where an important home for years had stood.

Weekly Crossword

(Continued From First Page)

by one way of TESTING.

14. A great ORATION may stand out as a landmark in his career. He would remember the OCCASION, or the CAUSE, of the ORATION rather than the OVA-TION itself.

16. TIP is more apt. A hot water TAP is marked or indicated not "described." A racing TIP is "described" as hot.

17. TRAP is best. The modern automobile and bus have made the TRAM and old-fashioned automobile disappear altogether in many parts. The pony and TRAP, a pleas-ure conveyance, will always have some popularity regardless of gaso-line vehicles.

21. ROT is preferred here. One does not listen (i.e. give ATTEN-TION) to a ROW, mere noise; one simply hears it. We have all lis-tened to someone talking ROT be-fore now, and quickly tired of it.

22. POEM is really appreciated, not the POET himself, as a person.

23. PAT is best. Webster defines the adverb PAT as meaning, "ex-actly, perfectly" — e.g. without error. He got them off PAT (per-fectly, without error). Note that the teacher was "surprised," Noth-

ing else would bring "surprise." Had he got them off a PAL or a PAD her reaction would probably be annoyance or anger — not sur-prise.

CLUES DOWN:

1. We cannot assume that father HAS A WIFE — he may be a wid-ower. Financial troubles are bound to have some effect on his LIFE.

2. CHAIN is the better answer. If broken, a CHAIN has to be MENDED before you can use it again. This is not necessarily true of CHAIR, which even if broken, may still be usable.

3. CARDS is best. Their CARES ARE their worries. CARDS are something they may worry OVER.

4. He can hardly GLARE at ALL, the opposition, only at some of them, or in their general direc-tion. It won't help him to BLARE, or merely bellow at them, of course.

7. GET best suits the clue. It is natural to say: "GET off FROM THE OFFICE," or: "SET off HOME." One usually GETS off FROM somewhere, and SETS off TO GO somewhere.

11. He will only take DRASTI-cation in the face of serious of-fense, favoring DOPE. Trying to DUPE or fool him may be a mere joke.

13. BIT fits the clue better. Be-ing a case of assault it is assumed prisoner HIT him. Since judge was "particularly" severe something

additional is assumed, favoring BIT.

19. NOT a word any As far as it is possible to say, space travel IS (NOW) possible — it is merely not yet practicable. A statement that it was NOT even a possibility would contradict accepted opin-ion, thus causing a stir.

Dr. Chester Swor, one of the most brilliant evangelists in the entire south, is favoring Monroe by another engagement, this time at College Place Baptist church. He began a week's series at this church Friday night and it will be continued through next Friday night.

In the times Dr. Swor has ap-peared here he has captivated each and every audience by the strength of his personality and his complete devotion to the cause he repre-sents.

Also one must take into consid-eration the fact that he is crippled but physical injuries are not in his sight, for he goes ahead de-termined to win souls for Christ and to show that what he has suffered by what others would term com-plete inability, has even stressed his determination.

He just has something that it seems the rest of us lack and he is using his talent to proclaim a victorious Christ. No one can listen to him without being thrilled for he testifies to what he has seen and done through the grace of his Savior.

Any who fail to hear Dr. Swor will have lost something that can not be replaced in any easy way. He is a marvelous man. There is no man just like him and Mon-rovians are greatly privileged to have him here even for the short time of a single week.

years ago and had produced it for the past three years.

According to general manager Herbert Land the attendance, al-though not the greatest in the rodeo's existence, was outstanding. Approximately 20,500 persons at-tended the five performances.

Last night's crowd, numbered about 3,500, was possibly the most enthusiastic, with the exception of the opening night gathering. Jack-ets and sweaters were in evidence as a brisk wind whipped out of the northeast.

Fitting tribute was paid to bull-teaser Buck LeGrand of Ponca City, Okla., as he was made an honorary member of the West Mon-roie Police Department yesterday.

Yesterday was also LeGrand's 25th birthday and he celebrated it by luring the snorting brahmas around the arena. He was the out-standing star of the entire show. Clowns Wes Curtis of Huntington Beach, Calif., and stunt rider Jimmy Murphy of Wisner, Neb., were popular throughout the entire show, and one official said an-nouncer Bud Townsend of Henry-etta, Tex., was the best ever.

The show also featured the most stars in its history. Singer Edna Dean appeared the first three nights with movie Tex Ritter star-ring Thursday night, and Smiley Burnett last night.

spurred speculation that the five-nation group may be "face-lifting" the Dulles plan for one last try with Nasser.

Ethiopian Deputy Foreign Min-ister Endanatchew Makonnen, who is serving as an aide to the com-mittee, told the United Press, "I am always hopeful."

"We cannot afford but to be hopeful about the outcome of the Cairo talks," he said.

But committee sources confirm-ed that the deadlock is still com-plete.

Sources said there probably would be some last-gasp try at reaching agreement, but that most hope was gone.

Deschamps said that "in all probability" the Menzies commit-tee would decide Saturday when to meet Nasser again.

Menzies was reported anxious to leave for London Sunday to report to Prime Minister Sir Anthony Eden.

"There is no provision nor con-templation to stay another week (in Cairo)," Deschamps said.

He replied with a curt "no com-ment" to all questions about pro-gress.

The Negro, Clarence Kates, said an unidentified white man who shoved him shouted "I'll kill you when you come out." Kates left safely under police escort.

Heavy absenteeism was reported at schools in Springfield, Ar-izona and Matoaka, W. Va.

Pickets carrying such signs as "all white college," "no NAACP goons" turned back three Negroes who tried to enroll at Texarkana, Ark., Junior College near the Tex-as border.

The picket line was the latest demonstration over the enroll-ment of two Negro girls at the college earlier this week. Since then, two crosses and the effigy of a Negro have been burned and a filling station owned by a Negro integration leader has been fired on.

Meanwhile in Georgia, a rural school teacher said she faced the loss of her job because she does not believe in integration.

Mrs. Colleen Marie Wiggins, 26, teacher near Lawrenceville, Ga., said she was asked to sign such a statement by Gwinnett County School Supt. R. C. Wilbanks after she told her pupils she would not object to teaching a mixed class.

grade classroom and had to be rescued by volunteer firemen from Donnelsville, six miles west of here, and Springfield township.

She was reported in fair con-dition at Springfield City Hospital. The building was constructed as an addition to an older, two-story brick school house. Each building held six classrooms. The older structure apparently was not dam-aged, but pupils won't be allowed to attend classes in it until it can be checked, school officials said.

Charles Veith, principal of the school, said he left the new build-ing just two minutes before the blast occurred.

Howard O. Weber, a Donnels-ville resident, said the explosion was "forceful" and "rocked the entire community" of about 300 persons.

appointed him to the court. They sat next to each other in the Sen-ate.

Minton, who told reporters in a friendly chat that his career has been "happy in every respect," said he had no idea who would succeed him.

"There will be more interest in that than in my passing," he said. "I am an echo that will be but a flash of light on the horizon."

The White House acknowledged Minton's letter of retirement but had no comment on a successor. There were indications that Mr. Eisenhower himself did not know whom he would choose.

Some administration sources dis-courage speculation about Brown-ell, partly because he is being mentioned as a possible GOP Sen-ate candidate from New York.

But Mr. Truman reached into the Justice Department when he pro-moted former Attorney General Tom Clark to the court.

Dulles' names also has popped up in the past. He is a skilled in-ternational lawyer and it was un-derstood his name was on a list of possible candidates for the last court vacancy. It ultimately went to Mr. Warren who also was nam-ed Chief Justice.

Judge Parker inevitably is men-tioned when there is a court va-cancy. He was nominated to the high court by former President Hoover. The Senate refused to con-firm him, however, in a historic clash with the White House.

Truman Assails Policies Of GOP, Ike In Address

WASHINGTON, Sept. 7 (UP)—Former President Truman accused President Eisenhower Friday night of combining "Madison Avenue technique" with the old Army game to avoid responsibility for the "smears" and mistakes of his subordinates.

In a typical "give-em-hell" speech, he told the American Political Science Association that the "Madison Avenue technique" has its most dangerous manifestation in the foreign policy field.

"Here we see the preoccupation where it can have the most dreadful consequences," he said. "We are not going to prevent a third world war by putting personal popularity above statesmanship... by the kind of selling campaign you use to sell soap."

Weldy Released By Dominicans In Shooting Fracas

CIUDAD TRUJILLO, Dominican Republic, Sept. 7 (UP)—The case of the "accidental shooting" of Robert Harrison, publisher of "Confidential" magazine, was closed Friday.

Big game hunter Richard Weldy, who owned the shotgun involved in the incident was released by police.

Harrison, slightly wounded in the shoulder, was recovering in Social Security hospital and getting ready to return to New York in a day or so.

Gene Courtney, beautiful night club singer who was with Harrison on a hunting expedition deep in a Dominican jungle when he was shot, was getting over a case of nervous exhaustion brought on by the incident.

Weldy had been in custody since Tuesday, when Harrison was hit in the shoulder with a blast from the hunter's shotgun.

But everyone agreed that the shooting was accidental.

Weldy said he and Harrison were arguing over an article in "Confidential" about how actor John Wayne met and won Peruvian actress Pilar Palotte. Then, she was Mrs. Richard Weldy. Now, she is Mrs. John Wayne.

Weldy said his gun fell during the argument, hit a rock and was discharged.

Harrison agreed, said he couldn't blame Weldy for what had happened.

"I hold no grudge for Weldy," he said.

Harrison, who came here on vacation and to do research for stories on Dominican playboy Porfirio Rubirosa, said his treatment was so good that he didn't care when he left the hospital.

Six Buildings In Ackerman, Miss., Burned In Blaze

ACKERMAN, Miss., Sept. 7 (UP)—A business district fire which Gov. J. P. Coleman called the worst in his home town's history destroyed four buildings today and damaged two more. Damage was estimated at \$100,000.

Destroyed on the north side of the square in this northeast Mississippi town of about 1,500 people were the Ben Franklin 10 cent store, two Ackerman Furniture Co. buildings and the J. H. Adams hardware store.

The fire broke out about 11:15 a.m., spread with devastating speed, and did its work within an hour. Louisville and Starkville fire departments helped Ackerman volunteers bring the fire under control by 12:15 p.m., an hour after its start.

Gov. Coleman interrupted his official duties at Jackson to hurry here. First reports were that some of his property, including The Choctaw Plain Dealer, weekly newspaper, was threatened.

L. E. Mabius, whose Mabius Brothers Lumber Co. was among business houses threatened for a time, said "I would say the loss will run about \$100,000." Some other estimates ran higher.

Mabius said he understood the blaze began in back of the Ben Franklin store, which was operated by Mrs. T. C. Crawford.

Extensive damage was done to the Moore Drug Co. and the Q. L. King Grocery.

Diana Stores Founder Dies

NEW YORK, Sept. 7 (AP)—Harry Greenburg, 59, co-founder and chairman of the board of Diana Stores Corp., a 180-store chain selling women's clothing, died yesterday of a heart attack following an operation.

Greenburg entered the clothing business in Hattiesburg, Miss., at the age of 16. Within a few years he became part owner of a store, and continued in the clothing business for 40 years.

With his sister, Mrs. Selma Oritt, he founded the Diana chain in 1938 with two stores, opening eight others that same year. In 1944, he bought the 19-store Peggie Hale group and in 1952, the 61-store Angerman Co.

"I fear that there is an ominous parallel between what is transpiring now and the events of the 1920s," Mr. Truman said, "when the world drifted along and allowed the forces to grow and the pressures to be built up which eventually resulted in World War II."

"Peace must be built upon a firm foundation," he declared. "He who undermines and destroys the foundation for the sake of temporarily preventing outbreaks on the surface does us no service whatever."

Mr. Truman, describing himself as an "amateur" in political science, also charged that the administration's "tight money policy" has resulted in huge profits for "the big banks and the insurance companies and the giant cor-

porations" and failures for small businessmen and farmers.

Earlier, he jokingly cautioned Democratic campaign strategists against asking him to speak in areas where he might "harm" the Stevenson - Kefauver ticket.

After a conference with Democratic National Chairman Paul M. Butler and other party leaders, he laughingly told reporters: "I told them not to send me any place where I might do harm. There are places where they don't like me. Anyone who does things makes enemies."

Butler said Mr. Truman would have "an important part" in the fall campaign. He said the former President "probably will be used extensively in the large metropolitan areas in the northeastern states," in farm areas and "in the Far West where public power is an issue."

Mr. Truman said he might not be welcomed as a speaker in "that little place in Tennessee where they're having trouble. He referred to school integration dif-

ficulties in Clinton, Tenn. Mr. Truman is a strong civil rights advocate.

In his speech, Mr. Truman said he is "preoccupied with what has happened to the office of the President during the past four years — and, frankly, I don't like what I see there."

He referred to what he called "a new concept... that a President's subordinates are responsible for the affairs of the executive branch."

In a sarcastic vein, he declared that:

"When the Salk vaccine is messed up, that is the responsibility only of the secretary of health, education and welfare."

"When one cabinet officer fires a man as a security risk, and another cabinet officer promptly hires the same man, each of them is to 'stand responsible' for the consequences of his action."

"Attacks by (Sen. Joseph R.) McCarthy on the secretary of the

Army are the business only of the secretary of the Army."

Political smears by the vice president are to be completely ignored until the time comes to congratulate him for their effectiveness."

"I could prolong the list," Mr. Truman said, "but I'm sure that each of you can think of many illustrations of what happens when the Madison Avenue technique is combined with the old Army game."

\$100,000 Damage

Six Buildings In Ackerman, Miss., Burned In Blaze

ACKERMAN, Miss., Sept. 7 (AP)—A business district fire which Gov. J. P. Coleman called the worst in his home town's history destroyed four buildings today and damaged two more. Damage was estimated at \$100,000.

Destroyed on the north side of the square in this northeast Mississippi town of about 1,500 people were the Ben Franklin 10 cent store, two Ackerman Furniture Co. buildings and the J. H. Adams hardware store.

The fire broke out about 11:15 a.m., spread with devastating speed, and did its work within an hour. Louisville and Starkville fire departments helped Ackerman volunteers bring the fire under control by 12:15 p.m., an hour after its start.

Gov. Coleman interrupted his official duties at Jackson to hurry here. First reports were that some of his property, including The Choctaw Plain Dealer, a weekly newspaper, was threatened.

L. E. Mabius, whose Mabius Brothers Lumber Co. was among business houses threatened for a time, said "I would say the loss will run about \$100,000." Some other estimates ran higher.

Mabius said he understood the blaze began in back of the Ben Franklin store, which was operated by Mrs. T. C. Crawford.

Extensive damage was done to the Moore Drug Co. and the Q. L. King Grocery.

Diana Stores Founder Dies

NEW YORK, Sept. 7 (AP)—Harry Greenburg, 59, co-founder and chairman of the board of Diana Stores Corp., a 180-store chain selling women's clothing, died yesterday of a heart attack following an operation.

Greenburg entered the clothing business in Hattiesburg, Miss., at the age of 16. Within a few years he became part owner of a store, and continued in the clothing business for 40 years.

With his sister, Mrs. Selma Oritt, he founded the Diana chain in 1938 with two stores, opening eight others that same year. In 1944, he bought the 19-store Peggie Hale group and in 1952, the 61-store Angerman Co.

portations" and failures for small businessmen and farmers.

Earlier, he jokingly cautioned Democratic campaign strategists against asking him to speak in areas where he might "harm" the Stevenson - Kefauver ticket.

After a conference with Democratic National Chairman Paul M. Butler and other party leaders, he laughingly told reporters: "I told them not to send me any place where I might do harm. There are places where they don't like me. Anyone who does things makes enemies."

Butler said Mr. Truman would have "an important part" in the fall campaign. He said the former President "probably will be used extensively in the large metropolitan areas in the northeastern states," in farm areas and "in the Far West where public power is an issue."

Mr. Truman said he might not be welcomed as a speaker in "that little place in Tennessee where they're having trouble. He referred to school integration difficulties in Clinton, Tenn. Mr. Truman is a strong civil rights advocate."

In a sarcastic vein, he declared that:

"When the Salk vaccine is messed up, that is the responsibility only of the secretary of health, education and welfare."

"When one cabinet officer fires a man as a security risk, and another cabinet officer promptly hires the same man, each of them is to 'stand responsible' for the consequences of his action."

"Attacks by (Sen. Joseph R.) McCarthy on the secretary of the Army are the business only of the secretary of the Army."

"Political smears by the vice president are to be completely ignored until the time comes to congratulate him for their effectiveness."

"I could prolong the list," Mr. Truman said, "but I'm sure that each of you can think of many illustrations of what happens when the Madison Avenue technique is combined with the old Army game."

When You Buy Gasoline

On July 1, the price of gasoline went up. The reason was a one-cent-a-gallon increase in the federal gasoline tax, raising it from two to three cents, as provided for in the new highway construction bill.

A sales executive of a leading oil company had something important to say about this development: "We certainly agree that good highways are highly desirable. But we do feel that motorists should realize that the new tax rate on gasoline is the highest in the nation on any essential commodity."

"The total gasoline tax paid by motorists has now risen to 40 per cent of the retail price of gasoline. The combined national average state and federal taxes have now climbed to 8.8 cents on every gallon of gasoline. On the average for instance, when motorists buy a 15 gallon tankful of gasoline . . . about \$1.35 of what they pay is taxes for highways, not for the supplier's products."

"A motorist should look on these taxes as an investment in building better highways for his own use. The average motorist, who uses about 750 gallons of gasoline a year, pays about \$66 a year in state and federal taxes on it."

There has been, and will continue to be, much debate as to how the huge federal road program should be financed. There are many who believe the higher gas tax is not the right way. But, whatever you believe, one thing is sure: that tax is entirely beyond the control of the oil industry and the industry has no choice but to add it to the price of your gas.

'First Or Best?'

The proposal that the government build half a dozen atomic electric power plants, on a "crash program" basis, is being widely discussed. The News, of Sarasota, Florida, makes this moderate and thoughtful contribution:

"What do we want to accomplish with our atomic energy program?"

"If we regard it as a sort of race to produce atomic power in commercial quantities before Russia does, then by all means let the government begin a crash program to build plants. If that is the important thing, to be able to say that we are ahead of the field, private industry ought to be bypassed so that the plants can be built with all speed."

"If, however, the objective is to build an atomic energy system that will best meet the nation's expanding needs for power, then quite a different approach is called for. In that case, the government ought to do two things—encourage private industry to proceed vigorously in the atomic energy field, and at the same time help to bolster industry's know-how. Such an approach may not give us a chance to yell, 'We're first!' But it may enable us to say confidently, 'We're best.'"

Any crash program, by its very nature, must be wasteful. Costly mistakes are inevitable. This may be something we have to accept in producing atomic weapons of war—a field in which we must do everything possible to maintain leadership. But atomic power is something else again. It is primarily a peace-time program. There is plenty of power available to us from the conventional sources of energy. Under such conditions, orderly development, with private enterprise a full partner, seems the part of wisdom.

The Highways Of The Sea

What wins wars?

An obvious answer comes at once to mind—guns, bombs, military aircraft, naval vessels, trained and courageous troops.

But that is not all of the answers by any means. The very heart of warfare is supply—the ability to deliver the incredible variety and quantity of things that any fighting force must have if it is to survive, much less win.

This helps to explain something Secretary of the Navy Thomas said the other day—that World War II started to be won the day America began building merchant ships faster than they were being sunk. And anyone who has read Churchill's great war memoirs knows that England was terribly close to defeat in the early stages—largely because the toll the U-boats took of merchant shipping could not then be adequately replaced.

Another top authority, Admiral Carney, former Chief of Staff, has said: "Until and unless the seas dry up, man will be confronted with problems of achieving his own crossing and denying the crossing of his enemy; for nowhere in the future can be discerned any total substitute for the great highways of the sea."

Even if the seemingly impossible should happen, and the chance of another war be in some way wholly eliminated, we would still need a great and modern U. S. merchant marine. For our economic welfare—which means the welfare of the farmer, the worker, the manufacturer—depends in large part on a vast volume of foreign imports and exports which can travel only by those highways of the sea.

A Pill—Or A Steak?

Now and then—particularly on blistering and humid days when nothing seems able to arouse the taste buds—people idly wonder why science doesn't come up with a little pill containing all the dietary requirements of a full meal. One swallow, and we'd have had breakfast, lunch, or dinner in an instant.

In this era of startling scientific developments it is possible that such a pill could be produced. But it's an odds-on bet that it would have a small sale—and it's use would be generally restricted to explorers and others faced with serious logistics problems.

For instance, this marvelous little pill might contain all the proteins, vitamins and minerals found in a well-broiled steak or a roast oozing with juices. All the dietary values thus being equal, which would you choose—the pill or the real piece of meat?

The answers, if some "pollster" should look into this, would probably run about a million to one in favor of the meat. For there's more to eating than just satisfying the requirements imposed on us by nature. There's the fun of it, the satisfaction, the sensory pleasure—and the happy after-glow when the meal is done. They can't put those things into pills!

THESE DAYS

By George Sokolsky

Private Ownership

Dr. Mohamed Abu Nossair, Egyptian minister of commerce, has laid down the law:

"It is an accepted principle that public utilities are either directly administered by the State or indirectly by way of a concession and that it is always the right of the State to relapse the concession because it is a grant from it whether this is specifically mentioned in the concession or not. It is the public interest which determines the way the State chooses to realize the maximum measure of public interest. For the relationship between the State and the concessionaire who grants the concession and who utilizes it is based on the principles of the administrative law which is a branch of the general law."

No such principle has ever been accepted except in the communist countries where private property is only recognized as a benefactor from the government and is of such a limited character that it plays a small part in the total economy of the nation. It is a boon rather than a right. The word, concession, as Dr. Nossair employs it, is hardly understandable in the Western world where public utilities are usually operated by private companies which may receive certain benefits from the state, as, for instance, a railroad gets a right of way. But it is not regarded as within the authority of the state to confiscate private property except by due process of the law, whereupon the occupation is not confiscation but the end result of a judicial process. Certainly whimsical and unilateral confiscation is intolerable in a free society.

But then, Egypt is not a free society. It is as much a dictatorship as Hitler or Stalin produced but each dictatorship as each free society operates differently according to the traditions of the people.

After all, Egypt has not been an independent country for long and would not have been independent at all if the Allies, including Nasser's enemy, the British, had not defeated the Turks in World War I. From 1917 until 1914, the Turks held Egypt as a conquered province. The British established a protectorate over Egypt in 1914 with the object of preventing a German conquest. This protectorate was terminated in 1922. As a matter of historic fact, all the Arab

countries which are now throwing their weight about were Turkish provinces. It is true that some of the Arabs assisted General Allenby in his war on the Turks and in the achievement of the Allied victory, but that assistance was amply compensated for not only by independence but also by economic assistance of the greatest value in the development of their countries. And in that economic development, the United States played a great role.

To a dictator like Nasser, seeking to build an empire, history is not important. He succeeded in abolishing the monarchy, he established the Egyptian Republic, he seized power by a coup d'etat, and he managed to place himself at the head of the Arab powers. He has now seized the Suez Canal Company and he is on his way. Maybe this time, he will have to back down somewhat but if he is permitted to continue he will as surely involve the world in war as Hitler did in World War II because his ambitions are personal and limitless.

One would imagine that after the experience with Mussolini and Hitler, the world would have recognized Nasser for what he is, but the West particularly is so anxious for peace that it risks the dangers of another insatiable dictator. After all, the British gave Hitler time after Munich. Nasser is an Arab imitator of Hitler and pursues the pattern of his prototype.

The question may be asked: What can be done short of war? Maybe in this year 1956 there is no answer to that question. And if there is no answer, Nasser has chosen a good year in which to pursue his course. The quick British and French response and the landing of troops at Cyprus, only 250 miles from Cairo, is a good sign, but the United States does not want to risk too much, first because it is a presidential election year and secondly because our economic interests in the Arab world are great—but if Dr. Nossair's law stands, what are those interests really worth? They are already in danger in at least nine Arab countries.

DANGEROUS HITCHHIKER

Our Children

By Angelo Patri

Education

Everybody talks about education, but few stop to consider what it is they are talking about. Parents, for example, believe that their children will be educated if they are sent to school and college. Maybe they will, but it depends upon what use the children (and students of later years) make of the information they gather from the lessons and the books.

It is quite possible to be graduated from school after school, and a university, and not be educated; it also is quite as possible not to be graduated at all and be educated.

What I mean by education is the process that fits one to live happily, at peace with one's self and one's neighbors, to earn and to pay one's way through life in terms of physical and spiritual activity. Book learning alone will never do that. Education is a two-way process, a taking in and a giving out. It gathers experiences from every phase of life, from all sorts of people, under all sorts of conditions and distills from these experiences a power to understand, enjoy, sympathize with and share life's ways with people as they come. It creates the ability to serve people, as well as to take service from them. Books alone cannot do that.

The education that enriches the life of the student is one of the broadest sort. It allows the broadest stretch of experiences possible. Contacts with people, with new and perhaps difficult situations, with new ideas presented under strange, unprepared situations are what call up the unsuspected strengths and abilities of the personality.

The physician who has traveled to far countries with his eyes and ears and every sense alert, the teacher who does the same, the student who offers to try the experiment, the beginner who willingly undertakes the untried—these are being educated. They are dipping into life's reservoir of truth and verifying their knowledge accordingly. They are seasoning knowledge with experience, and so are obtaining wisdom beyond the books.

Some of this needs to be done in the schools from the kindergarten through college. Students who never look over the brim of the curriculum, who never experiment outside the lines of facts, who stay, "safe," are not going to be the leaders of the next generation but the willing followers of whatever leaders they may be. That is not what this country needs.

A little more doing in the schools, a little more thinking, a lot more experimenting is our need.

If your child is slow in school, it may be because he needs help in reading. How parents can teach the magic lanterns. Fittingly, the movie pioneer's story began in Cinderella: style: Fateful vagaries plus a happy ending. . . . When Sam Goldwyn and Jesse Lasky formed a film company, they sought to include William DeMille in their partnership. William rejected the offer. But his mother (who overheard them) suggested they take William's brother Cecil. They accepted. . . . DeMille journeyed to Arizona to shoot the movie. When he arrived it was a rainy, dismal day—so he continued to Los Angeles. In a sleepy suburb named Hollywood, DeMille began producing the flicker in a barn he hired for \$25. When the movie was almost completed, the negative was destroyed. Fortunately, DeMille kept a duplicate. The cinema, titled "The Squaw Man," cost \$25,000 and grossed over \$400,000. Thus a fabulous industry was born.

Larson New Campaign Phrase Maker For Ike

The bright new face around the White House these days belongs to Arthur Larson, 46 year old lawyer who holds the office of undersecretary of labor, but won't be spending much time there during the campaign.

"Somehow Ike has a way of always coming up with the man he needs, whether or not he realizes he needs him," once remarked a Republican senator—one who once had mild presidential aspirations but couldn't persuade the country it needed him.

He wasn't speaking about Larson, whom President Eisenhower got out of a book. The title of the volume is "A Republican Looks at His Party," written by Larson, and as soon as the president read it, he knew he had found the man who could put his own political doctrine into smooth flowing prose.

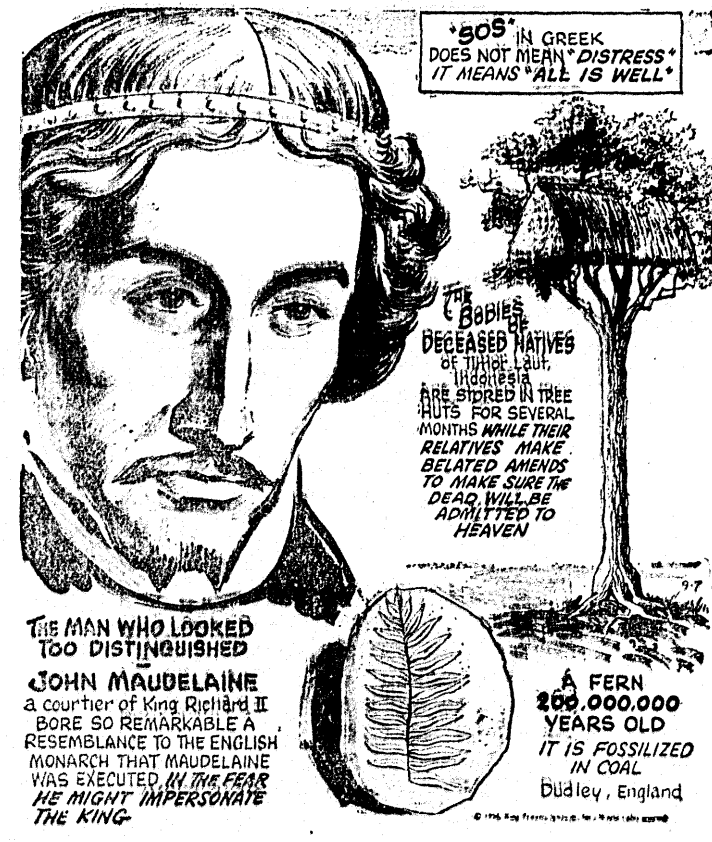

This happened with the campaign only weeks off. At that time, the political bedside reading of office holders of both parties was Bob Donovan's work on "Eisenhower—The Inside Story" in which the president was pictured as groping for new political formula, but which he had difficulty putting into words. They quickly switched to Larson's shorter volume, after learning of the presidential preference for it.

Larson is said reliably to have supplied most of the ideas and much of the language for the Eisenhower acceptance speech at San Francisco. This former professor of law at the University of Tennessee and former dean of the University of Pittsburgh law school was also a Rhodes scholar at Oxford University, where young men learn a world viewpoint on politics, so he may be anathema to Republican conservatives, but he is very strongly of the opinion that Republican conservatism belongs to the past.

His book says the Eisenhower administration represents "American Consensus," and that by adhering to the "balance" which it has struck "between conflicting forces" the Republican party should be able to remain in power.

their children to read is explained in Dr. Patri's leaflet P-31, "Poor Readers." To obtain a copy, send 10 cents in coin to him, care of this paper, P. O. Box 99, Station G, New York 19, N. Y.

RIPLEY'S—Believe It Or Not

Worry Clinic

By Dr. George W. Crane

Mac will very likely be listed in WHO'S WHO in another 25 years, not just because he comes from an ideal type of Christian home, but because he is learning psychology and business methods. He thus will be a man 10 years ahead of others of his calendar age. You can't bequeath success to a child. He must earn it. Carrying a newspaper route gives boys a 10-year head start in life.

Case S-360: Mac Frampton, aged 12, is a very successful newspaper carrier in Anderson, South Carolina.

His father, Dr. W. M. Frampton,

is a popular Presbyterian clergyman and radio pastor.

One night when Mac was only 11, he said his prayers and added:

"Thank you, God, for helping me find all my customers at home so I could make my collections."

Dr. Frampton said he hadn't previously had his attention called to the idyllic life, to the newspaper carrier, of having people answer their doorbells cheerfully and pay their newspaper boy on schedule.

Mac is a smart lad and is obtaining the very best type of business training that any youth in America ever obtains.

For a newspaper carrier operates his own independent business. He buys his papers at wholesale.

Then he must "hitchhike" them, which includes shifting and being diligent in placing the papers on the front porch out of their wind.

In winter blizzards and summer heat, the newspaper boy faithfully carries on.

He learns valuable lessons in business psychology and becomes far more adept in dealing with people than many playboy husbands who are 30 years old, but who are still living on papa's indulgence.

Newspaper carriers also obtain practical training in the credit side of American business, for they must collect from their customers and balance their books.

They soon learn the meaning of that crucial phrase in our "free enterprise" system, namely, NET PROFIT.

Suppose a playmate should accompany Mac on his weekly collection trip.

"Gee, Mac has \$27.00 to spend," such a thoughtless pal might exclaim, failing to realize that the gross collected income is not all profit by a long shot.

For example, Mac must pay the wholesale price for all the papers he has delivered throughout the week.

He must also pay for any damage if he should accidentally break a window by a bad throw of the paper.

If he uses a bicycle, his wear and tear must likewise come out of the gross collection.

Then, and only then, can the newspaper carrier subtract all his costs against his \$27.00 of collections and find what his net profit amounts to.

Would that every American could serve an apprenticeship for a year or more as a newspaper carrier!

For former newspaper boys make WHO'S WHO literally bulge with young fellows who become self-made men long before the average non-newspaper carrier does.

For manhood is not a matter of your calendar age or your height and weight. True manhood is a matter of experience and self-sufficiency.

Carrying a newspaper route successfully for a full year quickly weeds out the men from the boys. If a young fellow can make his deliveries on schedule and keep his account books in perfect order, he is a man.

If he can't get on the job on time or if his parents must carry the route for him because of his frequent lapses, then he is still a boy.

Carrying a newspaper route is ideal preparation for a solvent home in later life. Newspaper carriers obtain the equivalent of an Eagle Scout award in practical matters.

2 Lawyers Plead Innocent To Lobby Law Violations

WASHINGTON, Sept. 7 (AP)—Two Western lawyers pleaded innocent today on charges of conspiring to violate the federal lobbying laws and unlawfully attempting to influence the vote of Sen. Francis Case (R-SD).

The trial of the two lawyers, John M. Neff of Lexington, Neb., and Elmer Patman of Austin, Tex., together with the Superior Oil Co. of California for whom they worked, was set by Chief Judge Bolitha Laws for Nov. 19 in the U. S. District Court here.

Superior Oil was named as a codefendant in the conspiracy. It also pleaded innocent through counsel Roger Robb of Washington.

Neff and Patman each were released under \$500 bond.

A grand jury returned the indictments last July 24 after an investigation of lobbying on the natural gas bill which Congress passed and President Eisenhower killed with a veto.

Case had touched off the investigation when he told the Senate he had rejected a \$2,500 campaign contribution he said had been offered him while the Senate was considering the disputed gas bill.

The grand jury returned a six count indictment charging that Neff, Patman and Superior Oil had conspired to violate the lobbying laws. Another count in the indictment charged that Neff and Patman had unlawfully offered the \$2,500 to Case in an effort to influence the vote on the gas bill.

The Senate passed the gas bill by a 53-38 margin with Case voting "no." The bill would have exempted natural gas producers from direct federal regulation.

Then on Feb. 17 President Eisenhower vetoed it, although he said he agreed with its basic objective.

To sign the bill into law under the circumstances, Eisenhower said, would risk creating doubts

Junior Red Cross Officers Elected

Newly-elected officers of the Junior Red Cross were announced Friday. They were elected by representatives from the various schools.

New officers are: Donna Guyton (Neville), president; Virginia Pohlman (St. Matthew's), vice-president; Sandra Doernberg (Neville), secretary; Kay McMillan (West Monroe High), treasurer; Linda Koos (St. Matthew's), service chairman; Robin Parris (Ouachita), publicity and history.

Junior Red Cross projects adopted for the year included making and filling school chest, international art program and each high school make an exhibit box, three flower days to collect and arrange flowers for hospital and homes for the aged, making cookies and packing Thanksgiving cookie box, making and filling Christmas stockings, monthly entertainment for homes for aged, visiting convalescent children in hospitals.

The next council meeting will be Oct. 6 at 9:30 a.m. at the Red Cross chapter headquarters.

Negro Accused Of Automobile Theft

A 43-year-old Monroe Negro, Prentice Brown, is being held in the Ouachita parish jail after being returned from Sicily Island Thursday. He is facing a charge of automobile theft.

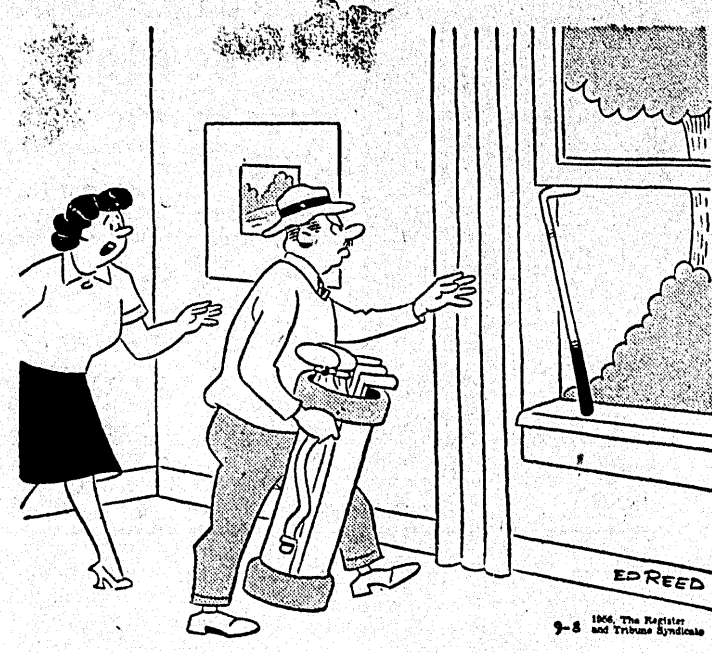

Brown is being held in lieu of a bond of \$1,500.

Brown was apprehended by Catahoula sheriff deputies earlier Thursday on information supplied by the local department. Sheriff Bailey Grant returned him to Monroe on a return flight from the state penitentiary at Angola, where he had taken two prisoners.

West Monroe High Band Club Will Meet Monday

An important meeting of the West Monroe High school band booster club will be held at 7:30 p.m. Monday in the school band room, Joe A. Harris, president, has announced. This is the first meeting of the current school year.

One of the primary projects to be discussed at the meeting will be a spaghetti supper, slated for Saturday, Sept. 22, in the high school cafeteria.

Others officers for the current year include: Ellis Ross, vice-president; Mrs. Jeff Jones, secretary; and Mrs. L. G. Cook, treasurer.

970 Enrolled As School Opens At Farmerville

FARMERVILLE, Sept. 7 (Special)—A total of 970 students were enrolled in all grades at the opening of Farmerville High school here Monday, according to David Clinton, principal. The enrollment by grades follows:

First 88, second 65, third 83, fourth 101, fifth 73, sixth 71, seventh 83, eighth 79, ninth 95, tenth 90, eleventh 80, and twelfth 62.

Clinton said that the total enrollment at the end of school last year was approximately 970 after starting with approximately 960.

Sears Inaugurates Old Catalog Contest

Do you have an old "Wishbook" in your home? If you have an unusually old one, there's a chance you can win an award. "Wishbook" is the traditional name given Sears, Roebuck and Co. mail order catalogs. The title became popular decades ago when American families first began thumbing through Sears catalogs, viewing and ordering merchandise.

As part of its 70th Anniversary Sale celebration, the local Sears store is seeking to borrow the three oldest catalogs in the Monroe area for display purposes during the sale, September 13-22.

Awards will be presented to the owners of the three Sears catalogs bearing the earliest date. C. D. McAdams, Sears local manager, announced.

The prizes consist of \$25.00 as first prize, \$15.00 second prize, and \$10.00 third prize. Called the "Oldest Catalog Contest," entries will be accepted at the local Sears store beginning Friday, September 7th. The contest ends Saturday, Sept. 22nd. Entrants should bring their catalogs to the office of the Store Manager for judging during store hours.

"For over half of Sears existence, the mail order function of the company was the sole contact with the American family," McAdams explained. "This contest during our 70th Anniversary is a perfect opportunity to pay a long-deserved tribute to the mail order division of Sears."

Through the years, Sears catalogs have been dubbed with various descriptive titles. Some called it an "American Scrapbook" while others refer to it as a "kaleidoscope of Americana."

Early Sears catalogs offer a unique picture of the American scene and accurately reflect the country's standard of living at the time of publication. Some libraries treasure collections of Sears catalogs. In Hollywood, a catalog collection is extremely valuable for historical reference. Walt Disney is reported to have one of the most complete collections.

Some early models employed in the catalog have since become famous personalities in their own right. A partial list includes Susan Hayward, John Crawford, Ginger Rogers, Lawrence Tierney, Elyse Knox, Georgia Carroll, Mona Freeman, and Meg Mundy.

Merchandise listed in the catalogs of the early 1900's included such items as glass eyes for horses, 10-pound pairs of salt trout, and buffalo-hide coats.—Adv.

2 Lawyers Plead Innocent To Lobby Law Violations

WASHINGTON, Sept. 7 (AP)—Two Western lawyers pleaded innocent today on charges of conspiring to violate the federal lobbying laws and unlawfully attempting to influence the vote of Sen. Francis Case (R-S.D.).

The trial of the two lawyers, John M. Neff of Lexington, Neb., and Elmer Patman of Austin, Tex., together with the Superior Oil Co. of California for whom they worked, was set by Chief Judge Bolitha Laws for Nov. 19 in the U. S. District Court here.

Superior Oil was named as a codefendant in the conspiracy. It also pleaded innocent through counsel Roger Robb of Washington.

Neff and Patman each were released under \$500 bond.

A grand jury returned the indictments last July 24 after an investigation of lobbying on the natural gas bill which Congress passed and President Eisenhower killed with a veto.

Case had touched off the investigation when he told the Senate he had rejected a \$250 campaign contribution he said had been offered him while the Senate was considering the disputed gas bill.

Mrs. Scott And Mrs. Hodge Give Tea Shower Sunday

Mrs. Eugene Scott and Mrs. Ezelle Hodge were hostesses on Sunday afternoon at a tea shower honoring Mrs. Arnold Horrell given in her new home in West Monroe.

Lovely arrangements of yellow chrysanthemums were placed throughout the house and the same blossoms were featured on the tea table in the dining room.

Mrs. Robert Irby and Mrs. R. D. Farr, Jr. took turns at the tea service and Miss Loretta Alby registered the guests. Assisting were Miss Sally Ann and Miss Susan Farr, and Benon and King Scott. Miss Betty Gambrell, at the piano, rendered music during the afternoon.

The guests attending were, Mr. and Mrs. John Rowe, Mr. and Mrs. G. T. Horrell, Mrs. Goldie Smith, Mrs. Ruby Reid, Mr. and Mrs. Robert Giles, Mr. and Mrs. G. T. Horrell, Jr., Mrs. Edna Morrison, Mrs. Kate Spinks, Mrs. Maudie Golden, Mrs. Charles Chisholm, Mrs. Eulalie Mooney, Mrs. Harold Crowley, Miss Cathy Sterling, Mr. and Mrs. Robert Redding, Mr. and Mrs. J. H. McCullin, Rev. and Mrs. R. H. Hearne, Mr. and Mrs. C. A. Jordan, Mr. and Mrs. Charles Crawford, Eugene B. Scott, Mrs. B. L. Johnson and Mrs. Patsy Zuber.

Among the out of town guests were, Mrs. Loretta Alby, Mrs. Katie Huckleby, Mrs. Hershell Jordan and Miss Loretta Alby, all of Chatham, Mr. and Mrs. R. L. Brown of Shreveport, Mr. and Mrs. Benson Scott, of Winnsboro. Others included were Mrs. H. E.

Supper Party Honors Couple

On Wednesday evening Mr. and Mrs. Lester Carr entertained bride-elect Miss Patsy Ralley and her fiancé Sheldon Lavelle Ray with an outdoor steak supper in the backyard of their home on Hilton St.

Hurricane lamps attractively decorated the table and were spotted throughout the yard.

Miss Ralley was presented with a lovely gift from her hosts and guests.

For the occasion Miss Ralley wore a blue and black fall cotton print with black accessories.

Those enjoying the supper were the guests of honor Miss Ralley and Mr. Ray and Jay Comrat, Josephine Anzalone and the hosts Mr. and Mrs. Lester Carr.

Bridge Club Bridal Shower Of Interest

Flowers in autumn shades decorated the living room of Mrs. Arden Smith when she entertained the Emanoah Bridge club, in Oak Grove. Prize winners were Mrs. Harry Roundtree, Jr. first, Mrs. Ellis Womack, second, and Mrs. Jack Ferris, low score. The consolation prizes were won by Mrs. Fred Primm and Mrs. Joe Kelly.

Others playing were Mrs. Edgar McCormick, Mrs. W. C. Hudson, Mrs. Dorothy Lyon and the hostess, Mrs. Smith.

Bridal Shower
The annex building of the Oak Grove Church of God was decorated with white periwinkle and roses, Tuesday when Miss Winston Bennett was honored with a bridal shower.

Hostesses for the occasion were Mrs. Ace Brown, Mrs. Paul Harper, Mrs. Earl Moore, Mrs. Leo Chatman, Mrs. Woodrow Robinson, Mrs. Mike Miller, Mrs. Harvey Myers, Mrs. Silas Coady, Mrs. Luther Rogers, Mrs. Jube Lee, Mrs. Annie Castleman and Mrs. Luther Brown.

Mrs. Annie Castleman gave a program of musical numbers. Miss Bennett was wearing an early fall dress with gift corsage of pink roses.

Forty guests called during the party hours.

Handbags Give Tips To Glamor At Work

How many glamorous women in America? Start with a figure of 20,500,000. They're the paid working girls. Add to that those dedicated in politics, volunteers in social work, blood bank solicitors and hospital Gray Ladies, among thousands of others who work out of the home.

Women of achievement in the home and out of it have reached an age of beauty maturity. The housewife is no longer frumpy, and the working girl is not the wild-eyed harried enthusiast that harassed employers a generation ago. Both types bring charm to their endeavors.

How does it happen that women maintain good looks and good grooming without visibly aging in proportion to their years?

A small cross-section of women of various ages gave me the answer recently, and it was all in the bag—the handbag that is. It boiled down to this: American women begin to protect their looks in their teens, and spend more and more time on the project as they grow older, especially when they must maintain a youthful appearance in a job. Those queried were of these ages: 16, 24, 27, 36, 44, 51.

The 16-year-old girl's purse held the clue to her years. She carried no makeup except lipstick, a comb, brush, nail file and fan. Why the fan? To keep her face cool and unshiny in a warm place.

The handbag of a 24-year-old working girl revealed the works in glamor cosmetics including eye shadow, rouge, perfume and em-

ery board as well as powder. At 27, when the skin is beginning to lose its youthful glow, the owner of the handbag had included foundation cream, and deodorant was added for extra daytime fastidiousness at 36.

Mascara and eyeliner were included but no eyeshadow. The 44-year-old working woman included a hair touch-up stick as well as a small shoe brush and an extra pair of hosiery. The 51-year-old woman had become conscious of her hands and included a hand lotion (which she also used on her neck).

Women know they can't relax their beauty efforts for a minute if they'd remain youthful and attractive.

As one working woman put it: "You can tell how much time I spend on my person by the size of my handbag. It used to be a little one, but it's grown king-size through the years."

Dillon-Sims Nuptials Held In Delhi Church

An impressive candlelit ceremony at the First Methodist church in Delhi recently was the setting when Miss Margaret Sue Sims, daughter of Mr. and Mrs. Lemmon Martin, became the bride of Tommy Joe Dillon, son of Mrs. Lurline Dillon and the late Mr. Dillon of Tulsa, Okla.

Reverend Don Wineinger read the vows before an altar banked with baskets of yellow chrysanthemums, emerald greenery and tall candelabra holding yellow tapers. Yellow satin ribbons marked the family pews. Mrs. W. P. Crawford was organist and Mrs. Bob Kidder, soloist.

The bride entered the church with her father, who gave her in marriage. Her floor length gown was of tulle with insertions of Chantilly lace in the full skirt, and around the off-shoulder neckline. Her fingertip veil of illusion, embroidered with tiny lace medallions, fell from a cap of seed pearls and sequins. She wore tulle mitts and carried a white Bible with white orchids and white fleur-de-mours.

Miss Mary Alice Insley served as maid of honor. Her ballerina length gown of pale green crystalline over taffeta, was fashioned with scooped neckline and full skirt. In her hair she wore a bandeau of yellow feathers with clips of yellow daisies and carried a crescent bouquet of yellow Fuji mums. Bridesmaids were Mrs. James Cornelius, and Miss Sally Sumlin. Their gowns were identical to the maid of honor in yellow crystalline. They carried bronze chrysanthemums and their headbands were of light bronze feathers with daisy clips.

Jerry Dillon, of Tulsa, Okla., was his brother's best man. Ushers were Maurice McKinney, Jr., and Larry O'Brien.

Mrs. Martin chose for her daughter's wedding a bronze lace sheath over gold cloth with matching accessories and corsage of yellow orchids. The groom's mother, Mrs. Dillon, wore a gown of Dior blue with fitted bolero and a purple orchid corsage.

A reception followed the ceremony. Later the young couple left for Abbeville. For traveling the bride wore a dress of powder blue with white accessories and a white orchid corsage.

Mrs. Scott And Mrs. Hodge Give Tea Shower Sunday

Mrs. Eugene Scott and Mrs. Ezelle Hodge were hostesses on Sunday afternoon at a tea shower honoring Mrs. Arnold Horrell given in her new home in West Monroe.

Lovely arrangements of yellow chrysanthemums were placed throughout the house and the same blossoms were featured on the tea table in the dining room.

Mrs. Robert Irby and Mrs. R. D. Farr, Jr. took turns at the tea service and Miss Loretta Aldy registered the guests. Assisting were Miss Sally Ann and Miss Susan Farr, and Benon and King Scott. Miss Betty Gambrell, at the piano, rendered music during the afternoon.

The guests attending were, Mr. and Mrs. John Rowe, Mr. and Mrs. G. T. Horrell, Mrs. Goldie Smith, Mrs. Ruby Reid, Mr. and Mrs. Robert Giles, Mr. and Mrs. G. T. Horrell, Jr., Mrs. Edna Morrison, Mrs. Kate Spinks, Mrs. Maudie Golden, Mrs. Charles Chisholm, Mrs. Eulalie Mooney, Mrs. Harold Crowley, Miss Cathy Sterling, Mr. and Mrs. Robert Redding, Mr. and Mrs. J. H. McCullin, Rev. and Mrs. R. H. Hearne, Mr. and Mrs. C. A. Jordan, Mr. and Mrs. Charles Crawford, Eugene B. Scott, Mrs. B. L. Johnson and Mrs. Patsy Zuber.

Among the out of town guests were, Mrs. Loniie Aldy, Mrs. Katie Huckaby, Mrs. Hershell Jordan and Miss Loretta Aldy, all of Chatham, Mr. and Mrs. R. L. Brown of Shreveport and Mr. and Mrs. Benson Scott, of Winnsboro. Others included were Mrs. R. E.

Supper Party Honors Couple

On Wednesday evening Mr. and Mrs. Lester Carr entertained bride-elect Miss Patsy Rayley and her fiancé Sheldon Lavelle Ray with an outdoor steak supper in the backyard of their home on Hilton St.

Hurricane lamps attractively decorated the table and were spotted through out the yard.

Miss Rayley was presented with a lovely gift from her hosts and guests.

For the occasion Miss Rayley wore a blue and black fall cotton print with black accessories.

Those enjoying the supper were the guests of honor Miss Rayley and Mr. Ray and Jay Comrato, Josephine Anzalone and the hosts Mr. and Mrs. Lester Carr.

Harrell, of Chatham, Mrs. Joe Jordan, Mrs. C. D. Edwards, Mrs. J. D. Nolan, Mrs. Raymond Potter, Mrs. Verdie Chandler, Mrs. Pete Baker, of Calhoun and Rev. and Mrs. F. L. Hearne, of Shreveport.

Mrs. Brockner Entertains Garden Club

The Daniel Brockner home was the setting for the recent meeting of the Olla Pinewood Garden club. Mrs. Brockner and Mrs. Charles R. Gaines were the hostesses.

Interesting arrangements of red zinnias combined with Buford holly and purple and white asters were used about the reception rooms and in the dining room, pink zinnias were featured.

At the conclusion of the business meeting, the president, Mrs. H. O. Cooksey, introduced Mrs. J. E. Burris, who gave several demonstrations using dried materials.

A social hour followed. Present were: Mrs. Jake McCarthy, Mrs. T. P. McDaniel, Mrs. J. L. Morrison, Mrs. Ray Carroll, Mrs. J. E. Burris, Mrs. E. E. Sims, Mrs. J. T. Cupples, Mrs. Rebecca Baum, Mrs. A. N. Talley, Mrs. Lyle Wood, Mrs. M. L. Meadox, Mrs. Ida Finley, Mrs. Henry O. Cooksey and Miss Myrth Hopkins.

Visitors Are Entertained

TRANSYLVANIA — Mrs. Juanita Chism and Mrs. Carolyn Raley of Minden were special guests at a party given by Mrs. J. H. Braswell as her home in Transylvania.

Several interesting games were played and prizes awarded during the afternoon. Refreshments were served by the hostess to the following: Mrs. V. L. Lee, Mrs. John Washam, Mrs. John Willis, Mrs. W. C. McCart, Mrs. Loren Walley, Mrs. J. B. Whitte, Mrs. Grady Harper, Mrs. W. D. Anglin, Mrs. H. H. Teague, Mrs. Kiley Thames, Mrs. Jarritt Collins, Mrs. Clinton Fortenberry.

Bridge Club Bridal Shower Of Interest

Flowers in autumn shades decorated the living room of Mrs. Arden Smith when she entertained the Emano Bridge club, in Oak Grove. Prize winners were Mrs. Harry Roundtree, Jr. first, Mrs. Ellis Womack, second, and Mrs. Jack Ferris, low score. The consolation prizes were won by Mrs. Fred Primm and Mrs. Joe Kelly.

Others playing were Mrs. Edgar McCormick, Mrs. W. C. Hudson, Mrs. Dorothy Lyon and the hostess, Mrs. Smith.

Bridal Shower

The annex building of the Oak Grove Church of God was decorated with white periwinkle and roses, Tuesday when Miss Winston Bennett was honored with a bridal shower.

Hostesses for the occasion were Mrs. Ace Brown, Mrs. Paul Harper, Mrs. Earl Moore, Mrs. Leo Chatman, Mrs. Woodrow Robinson, Mrs. Mike Miller, Mrs. Harvey Myers, Mrs. Silas Coody, Mrs. Luther Rogers, Mrs. Jube Lee, Mrs. Annie Castleman and Mrs. Luther Brown.

Mrs. Annie Castleman gave a program of musical numbers. Miss Bennett was wearing an early fall dress with gift corsage of pink roses.

Forty guests called during the party hours.

Handbags Give Tips To Glamor At Work

How many glamorous women in America? Start with a figure of 20,500,000. They're the paid working girls. Add to that those dedicated in politics, volunteers in social work, blood bank solicitors and hospital Gray Ladies, among thousands of others who work out of the home.

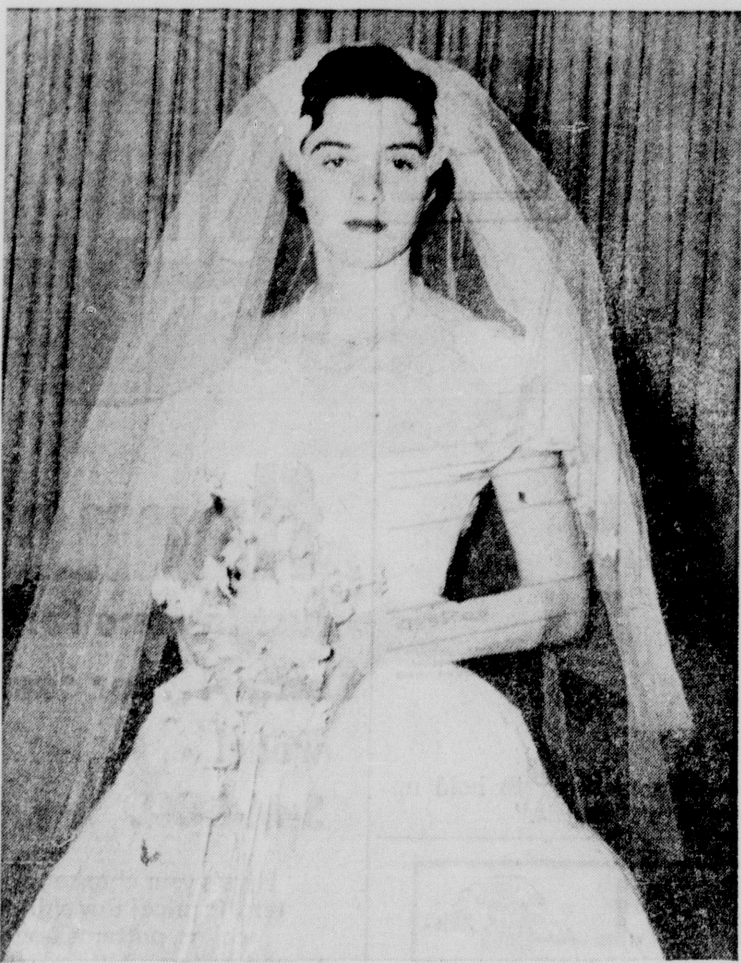

Women of achievement in the home and out of it have reached an age of beauty maturity. The housewife is no longer frumpy, and the working girl is not the wild-eyed harried enthusiast that harassed employers a generation ago. Both types bring charm to their endeavors.

How does it happen that women maintain good looks and good grooming without visibly aging in proportion to their years?

A small cross-section of women of various ages gave me the answer recently, and it was all in the bag — the handbag that is. It boiled down to this: American women begin to protect their looks in their teens, and spend more and more time on the project as they grow older, especially when they must maintain a youthful appearance in a job. Those queried were of these ages: 16, 24, 27, 36, 44, 51.

The 16-year-old girl's purse held the clue to her years. She carried no makeup except lipstick, a comb, brush, nail file and fan. Why the fan? To keep her face cool and unshiny in a warm place.

The handbag of a 24-year-old working girl revealed the works in glamor cosmetics including eye shadow, rouge, perfume and em-

Use Our Convenient Layaway Plan!

Why Grow Old?

By Josephine Lowman

Family Exercise Plan Is Fun, Beneficial, Too

Why not start your fall program with a family exercise plan. Once the family becomes interested in this it is lots of fun. Doing exercises alone always is dull, no matter how wonderful it makes you feel afterwards or how much better you look.

But in a group you have company and there also can be competition to see who improves most. Of course the figure problems of Mother, Father, Son and Daughter, may be quite different, but there are some fundamental exercises which all four could use to advantage.

For instance, a strong abdominal wall is essential to best health and optimum energy. It is also a good guess that Mama and Papa

may need a little figure molding in this spot. Children and teenagers do not always have flat abdomens and would profit by strengthening their abdominal muscles. So here is one you can ALL take.

Lie on your backs on the floor with your arms resting on the floor overhead and your legs straight. Bend both knees up, and clasp your hands about them. Arms return to overhead position as your legs straighten and return to the floor. Continue, doing this slowly.

Here is another general exercise which will be beneficial to all. Raise your arms sideward-upward as you rise high on your toes. Lower arms sideward-downward as you lower heels to the floor. You can add deep breathing to this one, inhale as you rise on toes and exhale as you lower heels to the floor.

Here is another that is fun to do together. Stand tall with your feet separated. Bend to the left, trying to touch the fingers of your left hand to the floor. Raise trunk to erect position. Bend to right trying to touch fingers of your right hand to the floor. Continue, alternating left and right.

The only difficulty is getting the family started. Once they acquire the habit of exercising together it is lots of fun.

If you would like to have my leaflet "Family Group Exercises," send a stamped, self-addressed envelope with your request for leaflet No. 35 to Josephine Lowman in care of this newspaper.

Texas Counties Designated Drouth Disaster Areas

WASHINGTON, Sept. 7 (UP)—The Agriculture Department Friday designated three counties in Texas as drouth disaster areas. Eligible stockmen there may obtain emergency feed grain at a reduced cost.

The department also announced that eligible stockmen in the same counties may graze their stock on their soil bank acreage reserve. The counties also were made eligible to participate in that state's hay and roughage program.

Designated were: Bowie, Lamar, and Red River. The department also designated 60 Oklahoma counties as eligible for aid under a hay and roughage program. The Oklahoma counties in the hay and roughage program have been designated previously for participation in the

DEAR DOROTHY DIX —

- Can't Find A Man
- Lonely Girl Scout
- Tax Cheats

By DOROTHY DIX

DEAR DOROTHY DIX: What does a divorced woman of 36 do for unattached male companionship, and where does she go to find it? I like music, dancing, sports, travel and books, but would like to enjoy these things with a companion. All the men I meet are either married, separated or confirmed bachelors.

I love children and family life and feel I'm missing a great deal by not having these things. Perhaps you can suggest some organization where one of my status can meet men in similar circumstances.

DORIS: You may as well face the horrible truth. Eligible men in the 36-to-40 age group are almost as rare as dinosaurs. Those who have never married are likely to be hopelessly confirmed bachelors, and you have no pick and choose carefully among those who have been divorced—there may be a good reason why they're on the market again.

You don't give the reason for your divorce. Could co-operation and patience have saved your marriage?

The best I can suggest is that you busy yourself in church or charitable groups, hobby clubs or courses of some kind. You may or may not turn up an eligible male; meanwhile you'll be developing constructive interests in life.

DEAR DOROTHY DIX: I know you get so many important problems that mine will seem trivial, nevertheless I hope you'll try to help.

I'm a Girl Scout, and in a recent reshuffling of patrols I was put in one group and my best friends, Peggy and Pat, were moved into another. I just can't get along without them.

I don't make friends too easily and I know I can't get along with the other girls. What can I do?

HAZEL T.

DEAR HAZEL: The separation was the best thing that could have happened to you. It's never wise to depend completely on one or two friends, especially teen-age girl friends. Some day you're bound to lose them.

The sooner you learn to make friends easily, get along with others and stand on your own two feet, the better. I'm sure your Scout leader, who undoubtedly has a better understanding of the situation than you realize, will help you adjust to the new group.

DEAR DOROTHY DIX: My brother, who has three sons living in this city, has been making his home with us for several years. Although none of his sons contribute a cent to his support, two of them claim him as exemptions.

POLLY G.

DEAR POLLY: Situations like this burn me up. Warn these two unfaithful men that if they can't discharge their obligations as sons, you're going to suggest an investigation of their income tax returns.

DEAR DOROTHY DIX: In 1942 my fiance, Ralph, went overseas. I was so lonely without him that I began going with Allen, and married him. Ralph also married, in time.

Now Allen is dead. I've been seeing Ralph, who claims he still loves me. I know I'd be happy with him. Should he get a divorce for me? We each have two children.

Stock Offering Of Firm Headed By Ex-Gov. Davis Being Probed By SEC

WASHINGTON, Sept. 7 (Special)—The securities and exchange commission today instituted proceedings to determine whether a Nashville corporation, headed by former Louisiana Gov. Jimmie Davis, filed a registration statement containing false statements regarding a proposed \$8 million stock issue.

The company, American Investors Corp., proposes the stock sale for the alleged purpose of organizing a new insurance company in the Tennessee city.

Other officers of the corporation include Grand Ole Opry stars Eddy Arnold, Webb Pierce and Faron Young. Davis is chairman of the board of the corporation while Arnold, Pierce and Young are directors.

The SEC announced it will conduct a hearing Sept. 20 on the question of whether it should issue a "stop order" to halt issuance of the \$8 million worth of common stock. The company, chartered by the state of Tennessee June 6, is proposing to issue 4 million shares of common stock at \$2 a share.

In ordering the hearing, the SEC said the registration statement "appears to include untrue statements of material facts and to omit necessary facts required to be stated therein."

Under federal law, corporations are required to file accurate registration statements for the protection of stockholders and the public.

The commission challenged the accuracy of the corporation's statement with respect to its plan of distributing the stock, the use of proceeds from the sale of the securities, the description of the business to be conducted, the identity of the company's "promoters," descriptions of principal occupations of some of the company's officers, and the granting of options for the purchase of stock.

Other officers of the corporation also include Frank Poole, Nashville, president; W. Lester Vanadore, Nashville, secretary; Hubert Long, Nashville, treasurer; and C. D. Blalock, Greenwood, S.C.; A. Cary Cox, Anderson, S.C.; T. F.

tell Flock, Atlanta; L. P. Kilgore, Atlanta; George Preston Marshall, Washington, D.C.; H. L. McAllister, Charlotte, N.C., and George P. Wenck, Fountain Inn, S.C., directors.

Among the points which the SEC said it wants to determine is "the basis on which the registrant determined to raise \$8 million by the sale of securities and the need therefore."

The commission questioned "the adequacy and accuracy of statements made with respect to the method of acquisition and the operation of the insurance business to be conducted and the omission of information with respect to the persons who will actively participate in the management of the insurance business."

The corporation's registration statement, filed July 13 by A. B. Neil, Jr., Nashville attorney, said the new company to be formed with proceeds from the stock sale would be known as American Investment Life Insurance Co. The company, the statement said, would be organized under Tennessee law to engage in the insurance business.

SEC said the statement omitted among other things, the fact that Vanadore and Flock are security salesmen. The commission also challenged a statement that Kilgore has "30 years experience in the life insurance industry in field and executive positions" and that Poole was "formerly senior officer in South Carolina of R. S. Dickson and Company Inc."

The Dickson firm is an investment banking institution.

Seventeen building permits, totaling \$79,545, were issued by the City of West Monroe during the month of August. The figures were released by C. E. Frost, city building inspector.

More than one-half, or \$43,480, was for remodeling buildings in the business section of West Monroe.

Why Grow Old?

By Josephine Lowman

Family Exercise Plan Is Fun, Beneficial, Too

Why not start your fall program with a family exercise plan. Once the family becomes interested in this it is lots of fun. Doing exercises alone always is dull, no matter how wonderful it makes you feel afterwards or how much better you look.

But in a group you have company and there also can be competition to see who improves most. Of course the figure problems of Mother, Father, Son and Daughter, may be quite different, but there are some fundamental exercises which all four could use to advantage.

For instance, a strong abdominal wall is essential to best health and optimum energy. It is also a good guess that Mama and Papa

may need a little figure molding in this spot. Children and teenagers do not always have flat abdomens and would profit by strengthening their abdominal muscles. So here is one you can ALL take.

Lie on your backs on the floor with your arms resting on the floor overhead and your legs straight. Bend both knees up, and clasp your hands about them. Arms return to overhead position as your legs straighten and return to the floor. Continue, doing this slowly.

Here is another general exercise which will be beneficial to all. Raise your arms sideward-upward as you rise high on your toes. Lower arms sideward-downward as you lower heels to the floor. You can add deep breathing to this one, inhale as you rise on toes and exhale as you lower heels to floor.

Here is another that is fun to do together. Stand tall with your feet separated. Bend to the left, trying to touch the fingers of your left hand to the floor. Raise trunk to erect position. Bend to right trying to touch fingers of your right hand to the floor. Continue, alternating left and right.

The only difficulty is getting the family started. Once they acquire the habit of exercising together it is lots of fun.

If you would like to have my leaflet "Family Group Exercises" send a stamped, self-addressed envelope with your request for leaflet No. 35 to Josephine Lowman in care of this newspaper.

Texas Counties Designated Drouth Disaster Areas

WASHINGTON, Sept. 7 (UP)—

The Agriculture Department Friday designated three counties in Texas as drouth disaster areas. Eligible stockmen there may obtain emergency feed grain at a reduced cost.

The department also announced that eligible stockmen in the same counties may graze their stock on their soil bank acreage reserve. The counties also were made eligible to participate in that state's hay and roughage program.

Designated were: Bowie, Lamar, and Red River.

The department also designated 60 Oklahoma counties as eligible for aid under a hay and roughage program. The Oklahoma counties in the hay and roughage program have been designated previously for participation in the

DEAR DOROTHY DIX —

- Can't Find A Man
- Lonely Girl Scout
- Tax Cheats

By DOROTHY DIX

DEAR DOROTHY DIX: What does a divorced woman of 30 do for unattached male companionship, and where does she go to find it? I like music, dancing, sports, travel and books, but would like to enjoy these things with a companion. All the men I meet are either married, separated or confirmed bachelors.

I love children and family life and feel I'm missing a great deal by not having these things. Perhaps you can suggest some organization where one of my status can meet men in similar circumstances.

Doris
DEAR DORIS: You may as well face the horrible truth. Eligible men in the 36-to-40 age group are almost as rare as dinosaurs. Those who have never married are likely to be hopelessly confirmed bachelors, and you have to pick and choose carefully among those who have been divorced—there may be a good reason why they're on the market again.

You don't give the reason for your divorce. Could co-operation and patience have saved your marriage?

The best I can suggest is that you busy yourself in church or charitable groups, hobby clubs or courses of some kind. You may or may not turn up an eligible male; meanwhile you'll be developing constructive interests in life.

DEAR DOROTHY DIX: I know you get so many important problems that mine will seem trivial, nevertheless I hope you'll try to help.

I'm a Girl Scout, and in a recent reshuffling of patrols I was put in one group and my best friends, Peggy and Pat, were moved into another. I just can't get along without them.

I don't make friends too easily and I know I can't get along with the other girls. What can I do?

Hazel T.

DEAR HAZEL: The separation was the best thing that could have happened to you. It's never wise to depend completely on one or two friends, especially teen-age girl friends. Some day you're bound to lose them.

The sooner you learn to make friends easily, get along with others and stand on your own two feet, the better. I'm sure your Scout leader, who undoubtedly has a better understanding of the situation than you realize, will help you adjust to the new group.

DEAR DOROTHY DIX: My brother, who has three sons living in this city, has been making his home with us for several years. Although none of his sons contribute a cent to his support, two of them claim him as exemptions.

Polly G.

DEAR POLLY: Situations like this burn me up. Warn these two unfaithful men that if they can't discharge their obligations as sons, you're going to suggest an investigation of their income tax returns.

DEAR DOROTHY DIX: In 1942 my fiancé, Ralph, went overseas. I was so lonely without him that I began going with Allen, and married him. Ralph also married, in time.

Now Allen is dead. I've been seeing Ralph, who claims he still loves me. I know I'd be happy with him. Should he get a divorce for me? We each have two children.

Violet

DEAR VIOLET: You are certainly a selfish, opportunistic female. You didn't have patience to wait for your fiancé — if you couldn't be true to him then, could you now?

Credit Services Of Farm Agency Will Be Extended

Credit services of the Farmers Home Administration will be available to a larger number of farm families than before as the result of recent changes in the laws governing the agency, it was revealed here yesterday by C. Ray McEachern, county FHA supervisor.

The supervisor made this statement at the conclusion of a two-day Farmers Home Administration held at the Virginia, which drew delegates from throughout the north east section of the state. At the meeting new policies were explained field workers and office personnel.

Describing the changes, McEachern said that:

"The new law provides broader authority to assist family — type farmers with loans to improve and operate their farms. It also authorizes, as a part of the rural development program, loans for operating and developing farms where the farmer has part-time employment off the farm. Included in the broader authority are loans for refinancing existing debts, and an increase in the maximum amount that can be advanced for operating loans.

"All of the present loan services of the Farmers Home Administration which include loans for the operation, development and purchase of family — type farms, farm housing, soil and water conservation, and loans to meet emergency credit needs will continue to be available.

"The loans to refinance existing debts will be available until June 30, 1959 to owners of farms no larger than family size. These loans will help farmers who have adequate real estate security and who are otherwise in a sound position but who are unable to meet their present credit obligations and need credit on more favorable terms and conditions than is currently available from other lenders.

"When debts are refinanced by the Farmers Home Administration the payments will be scheduled according to the ability of the borrower to repay. In the past, the agency has only refinanced existing debts when the refinancing was incidental to the making of a real estate loan for purchase or improvement of family — type farms.

"Insured loans are made by Farmers Home Administration from funds provided by private lenders. The loans will bear 3½ per cent interest plus a one per cent insurance charge.

"Initial operating loans under the new law may be made in amounts up to \$10,000 to one borrower with a limit of \$20,000 on the amount any one borrower can owe for this type of credit. In the past the limit on the initial loan was \$7,000 with a \$10,000 limit on the total amount of debt that could be incurred. Operating loans are used for the purchase of equipment, livestock, fertilizer, seed and other farm and home operating expenses needed to carry out efficient farming operations on family — type farms. These loans are repayable over periods up to 7 years and the interest remains at 5 per cent. The increase in the maximum limits of these loans will enable the agency to serve farmers and ranchers in areas where heavy investments in machinery, livestock and farm operating expenses are necessary.

2,000 Freshmen Students Enter LSU This Week

BATON ROUGE, Sept. 7 (Special) — Some 2,000 students will learn what it's like to be a university freshman this week as Louisiana State University's class of 1956 arrives to begin its busy days of orientation and testing.

Beginning Friday morning at 7 o'clock, LSU's newest sons and daughters will begin preliminary registration and then follow with some pretty lengthy tests in mathematics, English and chemistry. In addition there will be a test which measures developed ability and is valuable along with the Kuder Preference Record, an interest inventory, in assisting students to decide on vocations.

Then there will be physical examinations, conferences with faculty and student advisors and orientation periods to further inform them of University life.

These activities continue through of the freshmen will have completed registration and will know what lies ahead for the next four months — which days will be the busiest, when to set the alarm clock and which afternoon will be best for a trip to the laundry and dry cleaners.

But there is some fun scheduled for the first week too. There will be group meetings, social hours, student center programs, and on Wednesday evening the Student Council will sponsor an all-campus pep rally in the Greek Theater to choose freshman cheerleaders.

The annual "Freshman Frolic," a program planned by the Division of Student Life, will be presented in the Greek Theater at 8:30 p.m., September 13.

Freshmen will be guests of the Athletic Department at the annual "Pigskin Review" Saturday, September 8 in Tiger Stadium. They will meet members of the coaching staff and the football squad and then observe a team scrimmage.

Registrar Albert Clary issued another reminder to new students to fulfill the requirements of Act 15 of the 1956 Legislature which calls for certificates signed by both the principal of a student's high school and the superintendent of education vouching for his good moral character and eligibility.

2,000 Freshmen Students Enter LSU This Week

BATON ROUGE, Sept. 7 (Special) — Some 2,000 students will learn what it's like to be a university freshman this week as Louisiana State University's class of 1956 arrives to begin its busy days of orientation and testing.

Beginning Friday morning at 7 o'clock, LSU's newest sons and daughters will begin preliminary registration and then follow with some pretty lengthy tests in mathematics, English and chemistry. In addition there will be a test which measures developed ability and is valuable along with the Kuder Preference Record, an interest inventory, in assisting students to decide on vocations.

Then there will be physical examinations, conferences with faculty and student advisors and orientation periods to further inform them of University life.

These activities continue through of the freshmen will have completed registration and will know what lies ahead for the next four months — which days will be the busiest, when to set the alarm clock and which afternoon will be best for a trip to the laundry and dry cleaners.

But there is some fun scheduled for the first week too. There will be group meetings, social hours, student center programs, and on Wednesday evening the Student Council will sponsor an all-campus pep rally in the Greek Theater to choose freshman cheerleaders.

The annual "Freshman Frolic," a program planned by the Division of Student Life, will be presented in the Greek Theater at 8:30 p.m., September 13.

Freshmen will be guests of the Athletic Department at the annual "Pigskin Review" Saturday, September 8 in Tiger Stadium. They will meet members of the coaching staff and the football squad and then observe a team scrimmage.

Registrar Albert Clary issued another reminder to new students to fulfill the requirements of Act 15 of the 1956 Legislature which calls for certificates signed by both the principal of a student's high school and the superintendent of education vouching for his good moral character and eligibility.

The Pilgrim Holiness Church, Ninth and Stella, West Monroe, has a new preacher, the Rev. Finas P. Corie, who will preach Sunday here for the first time. He comes from Vernon parish and has been in evangelist and pastoral work for 10 years and is regarded as an outstanding preacher and church leader. He will succeed the Rev. Stoghill, who has resigned. The public is invited to attend

all services and to get acquainted with the new pastor.
The new pastor will be located at 1509 North Seventh street, West Monroe.

Quarterback Club Sets Ladies' Night

Johnny Scala, president of the West Monroe High school Quarterback club, has announced a ladies' night program Monday. The meeting will be held in the school field house, beginning at 7:30 p.m.

The program for the evening will be a film of the West Monroe-Neville football game and a scouting report on the Springhill High School team, which will meet the Rebels next Friday.

Lenwil Registers 487 On First Day

The Lenwil P-T-A membership committee met at the school as registration began. The committee, consisting of Mrs. W. J. Redmond, Jr., Mrs. Fred Hutson, Mrs. Repta Tippen, Mrs. Connie Young, Mrs. King, Mrs. O'Neal, and others, assisted the teachers in registration and urged parents to join the P-T-A, as they registered their children.

At the close of the day a total of 487 had registered for the school term of 1956-57. The membership committee is urging more of the parents to join P-T-A, at the first meeting which will be September 20.

Neville Tigers Romp Over West Monroe Rivals, 39-0

Howard, Kirby Get Two Touchdowns Each For Bengals

By LEMMIE HIGHTOWER
The Neville High School Tigers, defending state double-A football champions, paced by the brilliant quarterbacking of all-state Elton Upshaw, splintered their Twin Cities rivals, the West Monroe Rebels, 39-0, here last night at Brown Field.

The Tigers needed only five plays after receiving the opening kickoff to ring up their first touchdown. Thereafter, the Tigers scored almost at will, adding another tally in the second quarter, three in the third stanza, and one in the final period.

Halfback Gene Howard slanted off left guard for six yards to gain

the initial 6 points. Willie then gained the conversion to hand the Tigers a 7-0 lead.

Howard's run climaxed a 70-yard drive by the Bengals after fullback Mickey Yerger had returned the Rebel kickoff to Neville's 30. In two plays the Black and Gold Nevilles were knocking on the Rebel 15. Three plays later, the Tigers were leading 6-0.

In the second quarter, Upshaw passed to Jerry Kirby to score from 45 yards out.

Upshaw also exhibited his running abilities in the third frame when he galloped off left guard for 70 yards and another Tiger TD. Howard scored from 18 yards out and Jerry Kirby sprinted 25 paces for two more N.H.S. markers during segment number three.

Marvin Smart plunged over from 1-yard for the closing Neville six.

The Rebels who were held in check most of the evening were able to pose a real threat only in the fourth quarter when they marched 60 yards but were halted by the final horn.

Jackie Moreland Took N. C. State For Engineering

RALEIGH, N. C., Sept. 7 (AP)—Jackie Moreland, the much-sought-after Louisiana basketball prospect, said today he chose North Carolina State because of its basketball reputation and he wanted to take civil engineering.

Moreland, a 6-7 youth from Minden, La., was interviewed by a group of sports writers.

A story from Minden Saturday said Vic Bubas, assistant basketball coach at State, "whisked" Moreland out of the arms of his girl friend and family and was believed to be en route to Raleigh with him.

Moreland said he didn't know how such a story got out.

He admitted he signed letters of intent with three other schools—Kentucky, Texas A & M and Centenary at Shreveport, La. He said he thought he was doing the right thing when he signed them.

Bubas made a trip to Minden last weekend and talked with the youth and his family. He was offered a scholarship and \$14 laundry allowance a month. Moreland enrolled Wednesday.

Ferriday Takes 40th Straight, Island Defeated

FERRIDAY, La., Sept. 7 (Special)—The Ferriday High Bulldogs extended their fabulous Louisiana prep winning streak to 40 straight games here tonight by topping the Sicily Island Tigers, 31-20.

Tony Brocate took passes from Walker for three Ferriday TD's and Days and McGoun scored one apiece.

Dean Wiggins, B. Wiggins, and Watson scored Sicily Island touchdowns with Wiggins running the island conversion.

Today's Sportraits

By JOHN COLTON
United Press Staff Correspondent
GALVESTON, Tex. (UP)—It seems like yesterday to some, but it is exactly 25 years since a skinny tomboy swirled out of the Texas dust to become the greatest woman athlete of all time.

They called her "The Babe," Babe Didrikson. To her, women were "sissies who wore girdles, bras and that junk." Her aim in life was to win. She did.

You can take your Jack Dempseys, Bobby Joneses, Babe Ruths, Jesse Owens, Red Granges. Get them out of their special fields and she could lick 'em all. Other women hardly counted.

She hit nine home runs in a baseball doubleheader. Knocked her golf drives 245 yards. Won a track meet alone against a 22-woman team. Bowled a match of 268, 234 and 214. Beat Louise Brough at tennis. Took two gold medals in the Olympics. All-American at basketball. British women's golf champion. Dived, swam, fenced, skated.

Her like has never been seen before. It may never be again.

Today the Babe lies in a small room on the fifth floor in the Waverly Pavilion of the John Sealy Hospital here. The ravages of cancer are such that she sees no one except her husband, George, and her three sisters because "I look too bad."

She is down to 90 pounds, sleeps 10 to 12 hours a day. She has her good days and her bad, but she is alert and cheerful, watches the portable television set and reads the 10 to 50 letters and telegrams that come every day. Her Babe Didrikson Cancer Fund now totals \$40,000.

She is one of the few who became a legend in their lifetime. She has that little bit more that is the stamp of the champion.

Babe Didrikson unquestionably opened the game of golf up to women. She dominated that sport as much as Ben Hogan and, of him, she once said:

"I would just as soon play Hogan. I'd probably get beat, but I wouldn't disgrace myself."

Frisly chanteuse Hildegarde once asked her why she couldn't hit a golf ball as far as the Babe.

"Well, Hildegarde," was the reply. "Take off your girdle and let 'er go."

Babe Didrikson disdained femininity at first. When she flashed into prominence at the 1932 Los Angeles Olympic games sports-writers said that she was "button-breasted," had "piano-wire muscles."

Tallulah Beaten By Carr Central Greenies, 31-13

TALLULAH, La., Sept. 7 (AP)—Vicksburg's defending Big Eight Conference champions, gambling on a passing attack that paid off, opened its football season tonight with a 31-13 victory over out-manned Tallulah.

Quarterback Jack Carter, who tallied Vicksburg's first touchdown on a 35-yard first quarter dash, sent the Mississippians well ahead with two scoring tosses late in the second quarter.

He hit right end Richard Price with a screen pass on the Vicksburg 25 and Price followed a horde of blockers to the end zone. Less than two minutes later, he rifled a pass to halfback Robert Pullen from the 26 to the Tallulah 34, and Pullen went the rest of the way.

Fullback Danny Newman anchored the Tallulah scoring drive in the third quarter, covering 40 yards in six plays. Halfback Wayne Hopkins went over right tackle for the touchdown.

Carter scored on a short sneak for the final Vicksburg tally and Tallulah rammed over its last touchdown in the fourth on a 45-yard pass from Newman to end M. L. Melton.

Carter converted for Vicksburg and Hopkins added the Tallulah extra point.

Detroit Tigers Outlast Kansas City Foes, 12-8

KANSAS CITY, Sept. 7 (AP)—Harvey Kuenn drove in four runs with a triple and two-baggers tonight to lead the Detroit Tigers to a 12-8 victory over the Kansas City Athletics.

Score by innings:
Detroit 205 000 050—12 13 1
Kansas City 400 001 102—8 14 2
Hoof, Masters (7), Agee (8) and Wilson, Kretlow, Sumit (3), McMahon (7), Crimian (8), Herriage (6) and Smith, W. Hoef, L-Kretlow.

Neville Tigers Romp Over West Monroe Rivals, 39-0

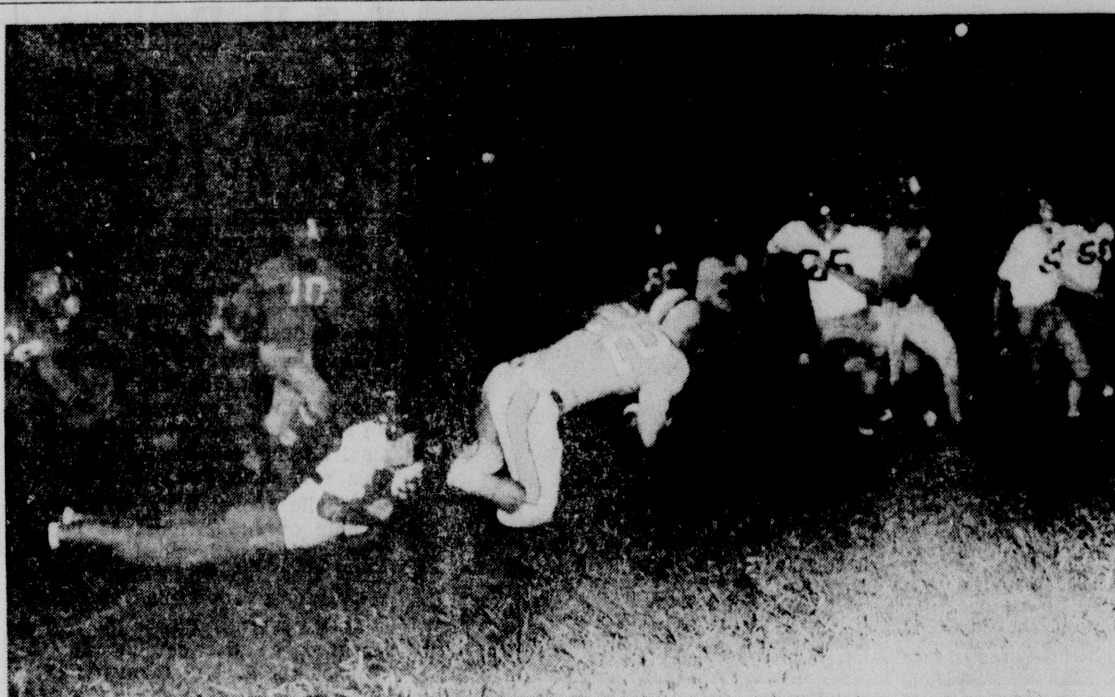

Howard, Kirby Get Two Touchdowns Each For Bengals

By LEMMIE HIGHTOWER

The Neville High School Tigers, defending state double-A football champions, paced by the brilliant quarterbacking of all-state Elton Upshaw, splattered their Twin Cities rivals, the West Monroe Rebels, 39-0, here last night at Brown Field.

The Tigers needed only five plays after receiving the opening kickoff to ring up their first touchdown. Thereafter, the Tigers scored almost at will, adding another tally in the second quarter, three in the third stanza, and one in the final period.

Halfback Gene Howard slanted off left guard for six yards to gain

the initial 6 points. Willie then gained the conversion to hand the Tigers a 7-0 lead.

Howard's run climaxed a 70-yard drive by the Bengals after fullback Mickey Yerger had returned the Rebel kickoff to Neville's 30. In two plays the Black and Gold Nevilles were knocking on the Rebel 15. Three plays later, the Tigers were leading 6-0.

In the second quarter, Upshaw passed to Jerry Kirby to score from 45 yards out.

Upshaw also exhibited his running abilities in the third frame when he galloped off left guard for 70 yards and another Tiger TD. Howard scored from 18 yards out and Jerry Kirby sprinted 25 paces for two more N.H.S. markers during segment number three.

Marvin Smart plunged over from 1-yard for the closing Neville six.

The Rebels who were held in check most of the evening were able to pose a real threat only in the fourth quarter when they marched 60 yards but were halted by the final horn.

Jackie Moreland Took N. C. State For Engineering

RALEIGH, N. C., Sept. 7 (AP)—Jackie Moreland, the much-sought after Louisiana basketball prospect, said today he chose North Carolina State because of its basketball reputation and he wanted to take civil engineering.

Moreland, a 6-foot youth from Minden, La., was interviewed by a group of sports writers.

A story from Minden Saturday said Vic Bubas, assistant basketball coach at State, "whisked" Moreland out of the arms of his girl friend and family and was believed to be en route to Raleigh with him.

Moreland said he didn't know how such a story got out.

He admitted he signed letters of intent with three other schools—Kentucky, Texas A & M and Centenary at Shreveport, La. He said he thought he was doing the right thing when he signed them.

Bubas made a trip to Minden last weekend and talked with the youth and his family. He was offered a scholarship and \$14 laundry allowance a month. Moreland enrolled Wednesday.

Ferriday Takes 40th Straight, Island Defeated

FERRIDAY, La., Sept. 7 (Special)—The Ferriday High Bulldogs extended their fabulous Louisiana prep winning streak to 40 straight games here tonight by topping the Sicily Island Tigers, 31-20.

Tony Brocate took passes from Walker for three Ferriday TD's and Days and McGoun scored one apiece.

Dean Wiggins, B. Wiggins, and Watson scored Sicily Island touchdowns with Wiggins running the Island conversion.

Marvin Smart plunged over from 1-yard for the closing Neville six.

The Rebels who were held in check most of the evening were able to pose a real threat only in the fourth quarter when they marched 60 yards but were halted by the final horn.

Tallulah Beaten By Carr Central Greenies, 31-13

TALLULAH, La., Sept. 7 (AP)—Vicksburg's defending Big Eight Conference champions, gambling on a passing attack that paid off, opened its football season tonight with a 31-13 victory over out-manned Tallulah.

Quarterback Jack Carter, who tallied Vicksburg's first touchdown on a 35-yard first quarter dash, sent the Mississippians well ahead with two scoring tosses late in the second quarter.

He hit right end Richard Price with a screen pass on the Vicksburg 25 and Price followed a horde of blockers to the end zone. Loss of two minutes later, he rifled a pass to halfback Robert Pullen from the 26 to the Tallulah 34, and Pullen went the rest of the way.

Fullback Danny Newman anchored the Tallulah scoring drive in the third quarter, covering 40 yards in six plays. Halfback Wayne Hopkins went over right tackle for the touchdown.

Carter scored on a short sneak for the final Vicksburg tally and Tallulah rammed over its last touchdown in the fourth on a 45-yard pass from Newman to end M. L. Melton.

Carter converted for Vicksburg and Hopkins added the Tallulah extra point.

Bastrop Tumbles To Bossier High In 19-12 Battle

BASTROP, La., Sept. 7 (Special)—The Bossier High Bearcats outlasted the Bastrop Rams, 19-12 here tonight in a duel of errors that saw offside penalties and fumbles costly to both sides.

After a scoreless first quarter, Seaburn Lee cracked through for Bossier's opening wedge, and Mercer followed with the conversion.

James Gault got loose in the same period to make it 13-0 for Bossier.

But Bastrop fought back with Frank Naff taking a pass from Joe Akin for the first Ram touchdown, and Bossier led 13-6 at the half.

The Rams closed the gap in the third period to 13-12 when Patrick Welton threw a touchdown pass to

Rayville Hornets Bag Holly Ridge's Eagles, 19 To 12

RAYVILLE, Sept. 7 (Special)—The Rayville Hornets, backed by the brilliant defensive performance exhibited by tackle Frank Burrows, nipped the Holly Ridge Eagles, 19 to 12, here tonight.

Rayville, gaining three first downs during the first quarter, had its first tally from Buddy O'Connor who plunged over from the one.

In the second quarter Charlie Stevenson uncorked a pass to Ray Cox who went 33 yards for the Hornet's second TD.

The Eagles' first tally came in the second quarter when W. Hammons took a short pass from K. Futch, scampering 43 yards to paydirt.

The Hornets' final score came in the third quarter when George Greer jaunted 18 yards for the culminating six-point drive.

Danny McCarthy at this time kicked the only extra point attained by either team.

Leroy Knight, Eagle halfback opened up with a 70-yard run to bring Holly Ridge's scoring to a final standstill in the fourth quarter.

Backing up the Hornet's scoring was the fast-moving action of tackle Burrows who blocked both of Holly Ridge's attempts at kicking extra points. Burrows also pounced on two of the Eagles' costly fumbles.

Next Friday the Bastrop Rams travel here for an encounter with the Hornets.

Seixas Final U. S. Hope As Richardson Defeated

FOREST HILLS, N. Y., Sept. 7 (AP)—Vic Seixas, a tireless, never-give-up old court warrior of 33, foiled an all-Australian sweep of semifinal berths in the National Tennis championships today with a 3-hour, 73-minute triumph over Australia's young Ashley Cooper.

Big Dick Savitt's stirring comeback bid died on the rapid-fire racket of young Ken Rosewall, 4-6, 7-5, 4-6, 8-10, 6-1; and third-seeded Ham Richardson of Westfield, N. J., rated America's best hope, was upset by southpaw Neale Fraser, 6-3, 3-6, 6-2, 6-4.

It was one of the darkest days in American tennis in 75 years and only Seixas prevented a complete collapse.

The superbly conditioned Philadelphia won a tense battle from the 19-year-old Cooper, 9-7, 3-6, 9-7, 10-12, 6-4, finishing with an

overhead smash that sent the ball bouncing into the grandstands.

Tomorrow he plays Rosewall, the fantastic racket rifleman and his longtime jinx, in one of the semifinals. The favorite, Aussie Lew Hoad, shooting for a tennis "Grand Slam," plays Fraser, a player of spotty brilliance.

Hoad, playing in semi-privacy on the grandstand court while the gallery was intent on the Seixas-Cooper match in the grandstand, overcame the 19-year-old Queenslander, Roy Emerson, 8-6, 6-3, 7-5.

In the women's division, top-seeded Shirley Fry of St. Petersburg, Fla., meets England's port little giant-killer, Shirley Bloomer, and Althea Gibson of New York faces Mrs. Betty Pratt of Jamaica, B.W.I.

Miss Gibson, who learned her tennis on the sidewalks of Harlem, defeated Darlene Hard of Montebello, Calif., today, 9-7, 6-1, while Mrs. Pratt, seeded sixth, upset Mrs. Dorothy Knott of Forest Hills, 4-6, 6-0, 6-2.

The finals are scheduled Sunday.

Cooper, a tall, good-looking young man of 19 who holds the Australian hard court championship and who is ranked third in his country below Hoad and Rosewall, put up a tremendous fight against the cagy, quick-footed Yank who is 14 years his senior.

With Two-Hitter; Cards Win, 1 To 0 Mizell Nips Reds

ST. LOUIS, Sept. 7 (AP)—Vinegar Bend Mizell's brilliant two-hit pitching and Ken Boyer's home run tonight prevented the fast-moving Cincinnati Reds from taking a big step in the hot National League pennant race as the St. Louis Cardinals scored a 1-0 victory.

The defeat kept the Reds 1½ games behind the long-sliding Milwaukee Braves, beaten today by Chicago. A victory would have moved them to within only ½ game of the lead.

White Hose Whip Redskins, 2 To 1, On 4-Hit Pitching

CLEVELAND, Sept. 7 (AP)—Bob Lemon missed a try for his 200th victory tonight as the Chicago White Sox edged the Cleveland Indians 2-1 to cut the Tribe's hold on second place to one game.

Jack Harshman, White Sox southpaw, held the Indians to four hits in posting his 13th triumph against nine losses. He has beaten Cleveland four times this season.

Cubs Stun Braves With 5 To 0 Shutout

Milwaukee Takes 4th Loss In Row; Limited To 7 Hits

CHICAGO, Sept. 7 (AP)—Sam Jones and the cellar-dwelling Chicago Cubs momentarily halted Milwaukee's pennant drive today by handing the league-leading Braves their fourth straight loss, 5-0.

Jones, exhibiting excellent control, limited the stumbling Braves to seven hits. The big right-hander walked four and struck out seven to boost his league-leading strike-out total to 148.

The Cubs backed Jones, who picked up his eighth triumph against 13 losses with a 10-hit attack against starter Bob Buhl and two successors.

Buhl, who suffered his seventh loss against 16 victories, was knocked out of the box in the sixth inning when the Cubs scored four runs on four hits, including doubles by Ernie Banks, Walt Moryn and Pete Whisenant.

Banks drove in Chicago's first run in the opening inning with a single to center and scored when Banks doubled down the left field line. Moryn dropped a wind-blown double down the left field line, Banks holding third. Jim King was walked intentionally to load the bases. Buhl unloaded a wild pitch, Banks scoring and the other runners advancing.

Whisenant then doubled off the left field wall, scoring Moryn and King. Taylor Phillips relayed Buhl and put an end to the rally.

LaSalle Bounces Winnsboro Rivals By 27 To 7 Count

WINNSBORO, La., Sept. 7 (Special)—Quarterback Everett Brooks scored all LaSalle High's points as the Tigers from Olla capitalized on Winnsboro mistakes to defeat the Wildcats, 27-7, here tonight.

Winnsboro fumbles set up the first two Tiger touchdowns, a blocked punt set the stage for another, and an intercepted pass turned into the final LaSalle touchdown. The Bengals scored in every quarter.

LaSalle covered a Winnsboro fumble on the Wildcat 34 in the first period, and, aided by an 18-yard pass, moved to the 'Cat one from where Brooks plunged across.

In the second quarter the Tigers covered a 'Cat fumble on the Winnsboro 21, and moments later Brooks plunged over from the eight.

A Winnsboro punt was blocked in the third quarter and covered by the Olla invaders on the Wildcat 21. Brooks made the last trip from the one to paydirt.

Then in the final period Brooks intercepted a Winnsboro pass and raced 65 yards to score. LaSalle's only conversion followed the final touchdown with Brooks carrying the point over on a pass from Freddy Sheppard.

Winnsboro's lone touchdown followed the final LaSalle tally. Downing the kickoff on their own 34, the Wildcats marched steadily to the LaSalle one from where quarterback Hugh Priest plunged over. A pass, Priest to Jess Walker, added Winnsboro's point.

Winnsboro had the edge in first downs, 9-7. LaSalle rushed for 137 yards and completed two of five passes for 25. Winnsboro rushed for 114, and completed four of eight passes for 17. One 'Cat pass was intercepted.

It was Winnsboro's opening game of the season, and LaSalle's second win in three starts.

Carter Hammers Way To Triumph Over Summerlin

NEW YORK, Sept. 7 (AP)—Harold Carter of Linden, N.J., set a relentless pace tonight to hammer out an unanimous 10-round decision over Detroit's Johnny Summerlin in a battle of heavyweight contenders at Madison Square Garden.

Carter, outweighed 194 to 192½, was an 85 favorite despite the fact that Summerlin outpointed him on May 23. The 22-year-old Carter, however, took first fight as a sub on five days notice.

It was a lot different tonight as the chunky New Jerseyite, ranked eighth to Summerlin's No. 9 rating, charged out of his corner at the opening bell and kept on top of his taller rival the rest of the way.

Referee Mark Conn and judge Nick Gamboli each scored it 9-1 in rounds for Carter while judge Jack Gordon had it 6-3-1, also for Carter. The Associated Press card had Carter in front, 8-1-1.

Mrs. Zaharias Holds Own In Cancer Bout

GALVESTON, Sept. 7 (UP)—Babe Didrikson Zaharias is making progress toward taking on more nourishment by mouth in her battle against cancer and complications, her doctors said today.

A brief daily medical bulletin confined itself to that fact, plus the Babe's "very good spirits" and a notation that the famed woman golfer had "an excellent night's rest."

Delhi Roms Over Start High Owls To Tune Of 57-0

DELHI, La., Sept. 7 (Special)—The Delhi High School Bears, defending champions of district two Class B, launched their title defense in impressive style here tonight as they mauled the Start High Owls, 57-0.

The nine Delhi touchdowns were scored by nine separate Bears with Jim Hopson starting the touchdown parade when he scampered 31 yards to paydirt on the third play of the game.

Billy Newton romped ten yards around end for the second, and quarterback Buster Harrell cracked over from the one for No. 3.

A 48-yard jaunt by Travis Richards brought in No. 4, and he was followed by George Brown who scooped up a blocked punt and raced 31 yards to paydirt.

J. Kyle went ten yards for one. C. Jenkins ran an intercepted pass back 32 yards for a TD. J. Yates took a pass 19 yards to score; C. Wilson turned in the night's longest payoff run with a 75-yard dash to cap the Bruins' touchdown performance; and Travis Richards added three conversions.

Solons In Uphill Grind To Trip Yankees, 6 To 5

NEW YORK, Sept. 7 (AP)—Herb Pless and Roy Sievers each had four hits tonight as the Washington Senators overcame a 4-0 New York lead to defeat the American League leading Yankees, 6-5. Yogi Berra drove in four of New York's runs with his 27th home run and a single.

Tom Morgan, third of five

Yankee hurlers, was the loser for a 5-6 record. Hal Griggs pitched the last two frames for the Senators, who outbit the Yanks 15-7.

New York retained its 9½ games lead as second place Cleveland lost to Chicago, 2-1.

Mickey Mantle, hitless, now is one game and two home runs behind Babe Ruth's record-60 pace of 1927. Berra is one shy of Gabby Hartnett's major league record of 236 career homers by a catcher.

Seixas Final U. S. Hope As Richardson Defeated

FOREST HILLS, N. Y., Sept. 7 (U.P.)—Vic Seixas, a tireless, never-give-up old court warrior of 33, foiled an all-Australian sweep of semifinal berths in the National Tennis championships today with a 3-hour, 73-game triumph over Australia's young Ashley Cooper.

Big Dick Savitt's stirring comeback bid died on the rapid-fire racket of young Ken Rosewall 6-4, 7-5, 4-6, 8-10, 6-1; and third-seeded Ham Richardson of Westfield, N. J., rated America's best hope, was upset by southpaw Neale Fraser, 6-3, 3-6, 6-2, 6-4.

It was one of the darkest days in American tennis in 75 years and only Seixas prevented a complete collapse.

The superbly conditioned Philadelphia won a tense battle from the 19-year-old Cooper, 9-7, 3-6, 9-7, 10-12, 6-4, finishing with an

overhead smash that sent the ball bouncing into the grandstands. Tomorrow he plays Rosewall, the fantastic racket rifeman and his longtime jinx, in one of the semifinals. The favorite, Aussie Lew Hoad, shooting for a tennis "Grand Slam," plays Fraser, a player of spotty brilliance.

Hoad, playing in semi-privacy on the grandstand court while the gallery was intent on the Seixas-Cooper match in the grandstand, overcame the 19-year-old Queenslander, Roy Emerson, 8-6, 6-3, 7-5.

In the women's division, top-seeded Shirley Fry of St. Petersburg, Fla., meets England's pet Little giant-killer, Shirley Bloomer, and Althea Gibson of New York faces Mrs. Betty Pratt of Jamaica, B.W.I.

Miss Gibson, who learned her tennis on the sidewalks of Harlem, defeated Darlene Hard of Montebello, Calif., today, 9-7, 6-1, while Mrs. Pratt, seeded sixth, upset Mrs. Dorothy Knodel of Forest Hills, 4-6, 6-0, 6-2.

The finals are scheduled Sunday.

Cooper, a tall, good-looking young man of 19 who holds the Australian hard court championship and who is ranked third in his country below Hoad and Rosewall, put up a tremendous fight against the cagy, quick-footed Yank who is 14 years his senior.

White Hose Whip Redskins, 2 To 1, On 4-Hit Pitching

CLEVELAND, Sept. 7 (U.P.)—Bob Lemon missed a try for his 200th victory tonight as the Chicago White Sox edged the Cleveland Indians 2-1 to cut the Tribe's hold on second place to one game.

Jack Harshman, White Sox southpaw, held the Indians to four hits in posting his 13th triumph against nine losses. He has beaten Cleveland four times this season.

Cubs Stun Braves With 5 To 0 Shutout

Milwaukee Takes 4th Loss In Row; Limited To 7 Hits

CHICAGO, Sept. 7 (U.P.)—Sam Jones and the cellar-dwelling Chicago Cubs momentarily halted Milwaukee's pennant drive today by handing the league-leading Braves their fourth straight loss, 5-0.

Jones, exhibiting excellent control, limited the stumbling Braves to seven hits. The big right-hander walked four and struck out seven to boost his league-leading strikeout total to 148.

The Cubs backed Jones, who picked up his eighth triumph against 13 losses with a 10-hit attack against starter Bob Buhl and two successors.

Buhl, who suffered his seventh loss against 16 victories, was knocked out of the box in the sixth inning when the Cubs scored four runs on four hits, including doubles by Ernie Banks, Walt Moryn and Pete Whisenant.

Banks drove in Chicago's first run in the opening inning with a single to center after Don Hoak had doubled off Billy Bruton's glove in short center.

Buhl held the Cubs in check until the sixth. Hoak opened the big frame by flying out, but Baker shot a single to center and scored when Banks doubled down the left field line. Moryn dropped a wind-blown double down the left field line, Banks holding third. Jim King was walked intentionally to load the bases. Buhl unloaded a wild pitch, Banks scoring and the other runners advancing.

Whisenant then doubled off the left field wall, scoring Moryn and King. Taylor Phillips relieved Buhl and put an end to the rally.

Carter Hammers Way To Triumph Over Summerlin

AKRON, Ohio, Sept. 7 (U.P.)—Former U.S. amateur champion Arnold Palmer of Latrobe, Pa., fired a four-under-par 68 Friday to hold a two-stroke lead in the \$19,000 Rubber City Open over the windswept 6,620 yard Firestone Country Club course after 32 holes.

Palmer maintained his lead by carding a pair of 34s to make his total read 67-68-135 after two rounds. Fred Hawkins of El Paso, Tex., who was tied with Palmer for the lead at the end of the first round, dropped out of the picture Friday, zooming to a 141 total.

Palmer, however, held his lead by firing five birdies and one ahead of Dave Douglas of Newark, N.J., Ed Furgol of St. Louis and Don Fairfield of Casey, Ill., all with 137.

Friday's field of 150 golfers played in sweaters with temperatures in the low 60s and a strong wind hampering the tee shots throughout the day.

Referee Mark Conn and judge Nick Gamboli each scored it 9-1 in rounds for Carter while judge Jack Gordon had it 6-3-1, also for Carter. The Associated Press card had Carter in front, 8-1-1.

LaSalle Bounces Winnsboro Rivals By 27 To 7 Count

WINNSBORO, La., Sept. 7 (Special)—Quarterback Everett Brooks scored all LaSalle High's points as the Tigers from Olla capitalized on Winnsboro mistakes to defeat the Wildcats, 25-7, here tonight.

Winnsboro fumbles set up the first two Tiger touchdowns, a blocked punt set the stage for another, and an intercepted pass turned into the final LaSalle touchdown. The Bengals scored in every quarter.

LaSalle covered a Winnsboro fumble on the Wildcat 34 in the first period, and, aided by an 18-yard pass, moved to the 'Cat one yard from where Brooks plunged across.

In the second quarter the Tigers covered a 'Cat fumble on the Winnsboro 21, and moments later Brooks plunged over from the eight.

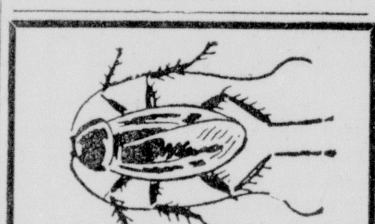

A Winnsboro punt was blocked in the third quarter and covered by the Olla invaders on the Wildcat 21. Brooks made the last trip from the one to paydirt.

Then in the final period Brooks intercepted a Winnsboro pass and raced 65 yards to score. LaSalle's only conversion followed the final touchdown with Brooks carrying the point over on a pass from Freddy Sheppard.

Winnsboro's lone touchdown followed the final LaSalle tally. Downing the kickoff on their own 34, the Wildcats marched steadily to the LaSalle one from where quarterback Hugh Priest plunged over. A pass, Priest to Jess Walker, added Winnsboro's point.

Winnsboro had the edge in first downs, 9-7. LaSalle rushed for 137 yards and completed two of five passes for 25. Winnsboro rushed for 114, and completed four of eight passes for 17. One 'Cat pass was intercepted.

It was Winnsboro's opening game of the season, and LaSalle's second win in three starts.

Adlai's Tacticians Hope For Victory By Winning Largest Eastern States

CHICAGO, Sept. 7 (UP)—Adlai E. Stevenson's top strategists, on the eve of his formal campaign kickoff, had high hopes Friday that big eastern state victories will be the key to victory in November.

The tacticians appeared to place the most confidence in Pennsylvania and its 32 electoral votes. They were also hopeful of New York State, with 45 electoral votes.

These two states, coupled with a sweep of the south and victories in California and other western states, could elect the Democratic presidential nominee, a top spokesman in the Stevenson camp said.

He revealed how things look in the Stevenson headquarters as Stevenson himself rested up from a 5,000-mile western swing and prepared for an invasion of the East.

Stevenson arrived from San Francisco Thursday night and worked on speeches and television films in his Chicago offices Friday. Saturday, he goes to Springfield, Ill., where he served as governor four years ago.

On the same day the fast-traveling candidate will address the Ohio Democratic convention at Columbus and push on to New York City. There will be appearances at the New York Democratic convention at Albany and regional New England conference Monday, more meetings Tuesday and Wednesday, and the formal opening of his campaign Thursday with a nationwide television speech from Harrisburg, Pa.

Stevenson's only public activity Friday was a charge that the Eisenhower administration has failed to meet the nation's school needs.

He issued a statement saying

the administration's "total accomplishment" on schools after three and a half years in office is a "fact-finding conference"—the White House Conference on Education.

"We already know the facts," Stevenson said. "Our need is not for facts, but action on the facts."

Stevenson's strategy makers, meanwhile, admitted they are fearful of their candidate's home state of Illinois and its 27 electoral votes. They also weren't talking much about Ohio, which has 25 electoral votes to throw into the race.

However, they thought they were in good shape in the South. A spokesman said the Democrats expect to take Texas, which gave its 24 electoral votes to the GOP in 1952, but look for a fight in Florida. They also kept their fingers crossed about Virginia.

Stevenson appears strong in the border states, including Oklahoma and Missouri which went for President Eisenhower four years ago, the spokesman said. Other states where Democratic chances look good, he said, including Massachusetts, Rhode Island, Connecticut and Delaware in the East, Michigan and Minnesota in the Midwest, and New Mexico, Arizona, California, Washington and Oregon in the West.

Boy Scouts Will Collect Toys For Salvation Army

Boy Scouts throughout the Twin Cities will participate in a special drive Saturday morning to collect toys for the Salvation Army. The toys will be repaired and made ready for Christmas distribution.

The scouts will man six pick up trucks and will cruise the residential areas of the Twin Cities, picking up all toys which need repair or have been outgrown. They will then be turned over to a special committee of the Salvation Army, which will begin repairing them.

All persons with toys which are not in use are urged to put them in the front of the house and they will be collected. In the event any house is skipped, the person may contact the Boy Scout office, telephone 9727, and a Scout will be sent out.

ROTC PARTICIPANT—Cadet James Edward Holloway, son of Mr. and Mrs. C. P. Holloway of Eros, is shown prior to takeoff for a ride in a U. S. Air Force T-33, a 600-mile-per-hour jet trainer. Cadet Holloway is at the Air Proving Ground Command, Eglin Air Force Base, Florida. Cadet Holloway, son of Mr. and Mrs. C. P. Holloway of Eros, is currently attending the Air Force Reserve Officers' Training Corps month-long summer encampment at Eglin Air Force Base, Fla. Cadet Holloway is a student at Louisiana State University, at Baton Rouge, where he is majoring in insurance and real estate.

Crosby, Actress Wedding Rumor; Bing Denies It

By ALINE MOSBY

HOLLYWOOD, Sept. 7 (UP)—

Dark-haired actress Kathryn Grant backed out of an acting job at Columbia Studio Friday and sources said the reason may be wedding bells with Bing Crosby.

Crosby, however, denied the report, sometimes a standard procedure before Hollywood weddings. "It isn't so," the singer said. "There's no statement I can make."

A studio executive told the United Press the famous crooner himself telephoned the studio asking that Kathryn be let out of a role she was scheduled to begin Monday in a television film made by Screen Gems, Columbia's subsidiary.

"He had a very good reason—it looks like something will happen this weekend," the source said.

Crosby telephoned from Hayden Lake, Idaho, where he and the starlet who is 30 years his junior have been vacationing. Crosby also has been taping his CBS radio shows for the coming season there.

The close friends of the singer and his girl friend, Crosby's producer Bill Murrell and his wife, are also at the lake, a CBS source said. Another guest there is Bing's son, Lindsay. His other sons are in the Army.

The affable, wealthy Crosby who is 52, met 23-year-old Kathryn on the set of "White Christmas" at Paramount three years ago. They began dating two years ago and have been keeping steady company ever since.

The Texas born actress visited Crosby often at his Palm Springs home and was hostess for social gatherings at his Holmby Hills mansion.

The girl who may be Crosby's second wife was born in Houston, Tex., in 1933 and attended the University of Texas. She changed her name of Grandstaff to Grant when she moved to Hollywood to seek a film career four years ago.

Adrian West Name Asst. Scout Master At L. Providence

LAKE PROVIDENCE, Sept. 7 (Special)—Dr. R. D. Graham, Cub Scout master for Cub Pack 25, Lake Providence, announces the appointment of Adrian West as assistant Cub Scout Master. West will assume his duties immediately.

Dr. Graham has called a meeting of all den mothers for Monday, September 10, at 5:00 p.m. in Fellowship hall, to begin making plans for the coming year's work. All den meetings will be resumed shortly and monthly pack meetings will again be held on the fourth Monday in each month.

The local Cub Scout troop is very active, with five dens already organized. If the enrollment continues to increase, more divisions will have to be made.

Tests Made On Highway Marks On Right Side

BATON ROUGE, Sept. 7 (Special)—In an effort to explore every safety possibility on the highways of Louisiana, the state department of highways is compiling statistics on its experimental program of marking the right side of certain highways over the state, Director R. B. Richardson announced.

Richardson said that the department for some time has marked various highways over the state with a white guideline on the right side in order to study the safety aspects.

He explained that the white line on the right is designed to serve as a guide line for motorists and is in no way a barrier line. The distance from the edge of the pavement the line is placed in the various test sections over the state varies from six to eighteen inches.

Richardson said the white line on the edge of the pavement is especially noticeable at night, and it is hoped that final studies will prove that it will help to reduce accidents.

Ongoing traffic lights at night tend to blind a driver if he attempts to watch the center line, and many drivers also travel toward the center of the highway, fearing they will go off the edge. The white line serves as a guide and the motorist can easily tell how far he is from the shoulder, thereby helping to pull cars away from the center.

The findings of highway engineers thus far have not been conclusive as to the specific benefits of the right side markings, Richardson said, but the department will continue its studies as another step in its overall safety program throughout the state.

Adlai's Tacticians Hope For Victory By Winning Largest Eastern States

CHICAGO, Sept. 7 (UP)—Adlai E. Stevenson's top strategists, on the eve of his formal campaign kickoff, had high hopes Friday that big eastern state victories will be the key to victory in November.

The tacticians appeared to place the most confidence in Pennsylvania and its 32 electoral votes. They were also hopeful of New York State, with 45 electoral votes.

These two states, coupled with a sweep of the south and victories in California and other western states, could elect the Democratic presidential nominee, a top spokesman in the Stevenson camp said.

He revealed how things look in the Stevenson headquarters as Stevenson himself rested up from a 5,200-mile western swing and prepared for an invasion of the East.

Stevenson arrived from San Francisco Thursday night and worked on speeches and television films in his Chicago offices Friday. Saturday, he goes to Springfield, Ill., where he served as governor four years ago.

On the same day the fast-traveling candidate will address the Ohio Democratic convention at Columbus and push on to New York City. There will be appearances at the New York Democratic convention at Albany and regional New England conference Monday, more meetings Tuesday and Wednesday, and the formal opening of his campaign Thursday with a nationwide television speech from Harrisburg, Pa.

Stevenson's only public activity Friday was a charge that the Eisenhower administration has failed to meet the nation's school needs.

He issued a statement saying

the administration's "total accomplishment" on schools after three and a half years in office is a "fact-finding conference"—the White House Conference on Education.

"We already know the facts," Stevenson said. "Our need is not for facts, but action on the facts." Stevenson's strategy - makers, meanwhile, admitted they are fearful of their candidate's home state of Illinois and its 27 electoral votes. They also weren't talking much about Ohio, which has 25 electoral votes to throw into the race.

However, they thought they were in good shape in the South. A spokesman said the Democrats expect to take Texas, which gave its 24 electoral votes to the GOP in 1952, but look for a fight in Florida. They also kept their fingers crossed about Virginia.

Stevenson appears strong in the border states, including Oklahoma and Missouri which went for President Eisenhower four years ago, the spokesman said. Other states where Democratic chances look good, he said, including Massachusetts, Rhode Island, Connecticut and Delaware in the East, Michigan and Minnesota in the Midwest, and New Mexico, Arizona, California, Washington and Oregon in the West.

Boy Scouts Will Collect Toys For Salvation Army

Boy Scouts throughout the Twin Cities will participate in a special drive Saturday morning to collect toys for the Salvation Army. The toys will be repaired and made ready for Christmas distribution.

The scouts will man six pick up trucks and will cruise the residential areas of the Twin Cities, picking up all toys which need repair or have been outgrown. They will then be turned over to a special committee of the Salvation Army, which will begin repairing them.

All persons with toys which are not in use are urged to put them in the front of the house and they will be collected. In the event any house is skipped, the person may contact the Boy Scout office, telephone 9727, and a Scout will be sent out.

ROTC PARTICIPANT—Cadet James Edward Holloway, son of Mr. and Mrs. C. P. Holloway of Eros, is shown prior to takeoff for a ride in a U. S. Air Force T-33, a 600-mile-per-hour jet trainer. Cadet Holloway is at the Air Proving Ground Command, Eglin Air Force Base, Florida. Cadet Holloway, son of Mr. and Mrs. C. P. Holloway of Eros, is currently attending the Air Force Reserve Officers' Training Corps month-long summer encampment at Eglin Air Force Base, Fla. Cadet Holloway is a student at Louisiana State University, at Baton Rouge, where he is majoring in insurance and real estate.

Crosby, Actress Wedding Rumor; Bing Denies It

By ALINE MOSBY

HOLLYWOOD, Sept. 7 (UP)—Dark-haired actress Kathryn Grant backed out of an acting job at Columbia Studio Friday and sources said the reason may be wedding bells with Bing Crosby.

Crosby, however, denied the report, sometimes a standard procedure before Hollywood weddings.

"It isn't so," the singer said. "There's no statement I can make."

A studio executive told the United Press the famous crooner himself telephoned the studio asking that Kathy be let out of a role she was scheduled to begin Monday in a television film made by Screen Gems, Columbia's subsidiary.

"He had a very good reason—it looks like something will happen this weekend," the source said.

Crosby telephoned from Hayden Lake, Idaho, where he and the starlet who is 30 years his junior have been vacationing. Crosby also has been taping his CBS radio shows for the coming season there.

The close friends of the singer and his girl friend, Crosby's producer Bill Murrin and his wife, are also at the lake, a CBS source said. Another guest there is Bing's son, Lindsay. His other sons are in the Army.

The affable, wealthy Crosby who is 32, met 23-year-old Kathy on the set of "White Christmas" at Paramount three years ago. They began dating two years ago and have been keeping steady company ever since.

The Texas born actress visited Crosby often at his Palm Springs home and was hostess for social gatherings at his Holmby Hills mansion.

The girl who may be Crosby's second wife was born in Houston, Tex., in 1933 and attended the University of Texas. She changed her name of Grandstaff to Grant when she moved to Hollywood to seek a film career four years ago.

Adrian West Name Asst. Scout Master At L. Providence

LAKE PROVIDENCE, Sept. 7 (Special)—Dr. R. D. Graham, Cub Scout master for Cub Pack 25, Lake Providence, announces the appointment of Adrian West as assistant Cub Scout Master. West will assume his duties immediately.

Dr. Graham has called a meeting of all den mothers for Monday, September 10, at 5:00 p.m. in Fellowship hall, to begin making plans for the coming year's work. All den meetings will be resumed shortly and monthly pack meetings will again be held on the fourth Monday in each month.

The local Cub Scout troop is very active, with five dens already organized. If the enrollment continues to increase, more divisions will have to be made.

Tests Made On Highway Marks On Right Side

BATON ROUGE, Sept. 7 (Special)—In an effort to explore every safety possibility on the highways of Louisiana, the state department of highways is compiling statistics on its experimental program of marking the right side of certain highways over the state.

Richardson said that the department for some time has marked various highways over the state with a white guideline on the right side in order to study the safety aspects.

He explained that the white line on the right is designed to serve as a guide line for motorists and is in no way a barrier line. The distance from the edge of the pavement to the line is placed in the various test sections over the state varies from six to eighteen inches.

Richardson said the white line on the edge of the pavement is especially noticeable at night, and it is hoped that final studies will prove that it will help to reduce accidents.

Ongoing traffic lights at night tend to blind a driver if he attempts to watch the center line, and many drivers also travel toward the center of the highway, fearing they will go off the edge. The white line serves as a guide and the motorist can easily tell how far he is from the shoulder, thereby helping to pull cars away from the center.

The findings of highway engineers thus far have not been conclusive as to the specific benefits of the right side markings, Richardson said, but the department will continue its studies as another step in its overall safety program throughout the state.

Funeral Services For Hattiesburg Banker Slated

HATTIESBURG, Miss., Sept. 7 (UP)—Funeral services will be held tomorrow for Walter P. Jones Sr., 75, retired vice president of the First National Bank of Hattiesburg.

Jones, who died last night after a long illness, was a native of Macon, Miss., where he began his banking career at the age of 15 at the Merchants and Farmers Bank. He came to First National of Hattiesburg in 1932 as a bookkeeper, and became successively teller, assistant cashier, cashier and vice president.

At one time he was president of the Bank of Sumrall, Miss., and at the time of his death was vice president and a director of the Bank of Wiggins, Miss. Ill health forced his retirement several years ago.

Survivors, all of Hattiesburg, include one son, Walter Jr.; three

sisters, Mrs. G. J. Hauenstein, Mrs. H. H. Chambliss and Miss Pat Jones; and two brothers, H. M. and Philip F. Jones.

Officers Installed At Farmerville Legion Post 149

FARMERVILLE, Sept. 7 (Special)—The 1956-57 slate of American Legion officers for the Owens-Tubbs Post 149 here, was installed in special ceremonies last night, presided over by past national vice-commander Leonard Jackson of Clarks, La.

Officers installed were T. W. Baird 11, commander; J. O. Albritton, first vice-commander; Russell G. Adams, second vice-commander; Raymond (Red) Albritton, adjutant; Rev. Hill Sirman, chaplain; Fred Phillips, sergeant-at-arms; J. L. Davidson and Gervis Barren, color bearers.

During the prelude to the installation, Fifth District Commander John C. Wagoner of Farmerville, made a report on the progress being made throughout the Fifth District.

Wagoner said he felt much enthusiasm is being generated in the district and that the region would emerge as one of the top in the state at the end of the year.

The meeting here drew a crowd of 200 persons including a number of other district officers. They were: Nick Hamilton, of Lake Providence, vice-commander; W. J. Richardson, area 'E' commander; Grayson, B. M. English, area 'B' commander; of Grayson; Woodrow Downs, area 'B' commander; Raymond Albritton, adjutant; and publicity director Russell Adams, all of Farmerville.

Visitors from other American Legion posts throughout North Louisiana were Legionnaire Buddy Madison of Monroe, Post 13, and Mrs. Madison; legionnaires T. A. Parker, Columbia Post 16; J. R. Biggar, Jr., C. C. Black, Sr., and G. G. Harris, Bernice Post 220; commander C. T. Hill, Lake Providence Post 57; and commander Lonnie James, of Oak Grove Post 53.

Adjutant Albritton said 154 members had paid dues for the coming year and that the Owens-Tubbs post would more than meet its quota in the membership drive.

A barbecue dinner for guest and members culminated the meeting.

Monroe Post Office To Add New Trucks

Three new right hand drive trucks will be received by the local post office in the near future, according to Postmaster Woodrow W. Hathorn.

The new trucks will be used for mounted routes, which include pickup boxes for the mailmen in town. One such truck is already being used by the local department.

The U.S. Post Office Department is getting 5,743 new trucks, 1,500 new motor scooters, 2,000 more bicycles and 6,000 golf-caddy-type letter carrier carts.

'Youth Night' At Revival Services Scheduled Tonight

Tonight will be "Youth Night" at College Place Baptist Church where Dr. Chester Swor, nationally known lecturer, and conference leader of Jackson, Mississippi, is speaking in revival services.

Dr. Swor has taught in two colleges in Mississippi and now devotes his time in speaking and lecturing to young people. He travels approximately 25,000 miles each year. All the churches of the Twin Cities and surrounding territories are invited to send young people to tonight's service at 7:45.

College Place Baptist Church is located near Northeast State College, two blocks south of DeSard on Sherouse Avenue. The pastor, T. Earl Oges, urges all young people to attend the service.

Music will be under the direction of Mrs. L. N. Blair.

Grand Jury Term Opens In Union

FARMERVILLE, Sept. 7 (Special)—The fall grand jury term of court opened here Tuesday morning with Judge J. R. Dawkins presiding. Rev. L. B. Hall, pastor of the First Baptist Church, was requested to lead in prayer.

Grand jurors drawn for the court term were E. O. Jones, who was named foreman, Cleo Lockwood, Vaughn Fitzgerald, Talmadge Taylor, Travis Rocket, T. W. Auger, Jr., John Rushing, B. O. St. John, Jr., Charles Donnell, Minor Aycock and F. O. Malone.

The grand jurors were charged by the court as to their duties and a written charge was delivered to the foreman, whereupon they retired to their chambers.

Prominent Rayville Citizen Succumbs

RAYVILLE, Sept. 7 (Special)—Jesse E. Stodghill, 64, a prominent Rayville businessman, died early Friday morning in a Monroe hospital.

Born in Earlinton, Ky., Nov. 13, 1891, Stodghill came to Rayville in 1907. With his father, the late E. E. Stodghill, he was co-founder of the Peoples Lumber Company. At the time of his death, he was president of the company, and was vice president of the Richmond Bank.

He is survived by his widow and one son, J. E. Stodghill, Jr., of Rayville; three daughters, Mrs. Truman J. Green, of Delhi, Mrs. Lula Elizabeth McMahon, Rayville, and Mrs. Dorothy Lee Senae, Houma; two brothers, Hugh J. Stodghill and Marvin D. Stodghill, both of Rayville; one sister, Mrs. Ruth S. Girard, of Lafayette, and 11 grandchildren.

Funeral services will be at 4 p. m. Saturday at the First Methodist Church. Burial will be under the direction of the Mulhearn Funeral Home.

Pallbearers will be John C. Morris Sr., W. D. Cotton, J. B. Thompson, Allen J. Cook, R. H. Guynes, L. C. Naron, H. W. Blakeman, C. J. Ellis, Sr., Fred Morgan, H. S. Shoemaker, J. C. Salmon and Dr. H. P. Corry.

Chairman Named For Membership Drive Of Bureau

Appointment of Everett Zeagler and Joe Dixon as co-chairman of the Ouachita Parish Farm Bureau's membership drive committee, was announced here yesterday by Fred Huenefeld, Jr., president of the organization.

The appointments were made earlier at an area-wide district meeting of bureau presidents and membership committee chairmen from Ouachita, Morehouse, Caldwell, Lincoln and Jackson parishes, which was held at the West Monroe Agricultural Building.

Purposes of the meeting was to set up the machinery for district section of the annual state membership drive, and to suggest quotas for parishes. Warren White, cotton and beef cattle farmer from Mer Rouge, and board of directors member from the district presided over the meeting, at which L. L. Lovell, state bureau president, was featured speaker. Membership quota was announced as 25,000 for the coming year, in contrast with the 18,500 current membership.

To push a plan for making a drive to have the state farm bureau well represented at the Miami, Fla., meeting of the American Farm Bureau Federation, December 9-13, Huenefeld was named chairman of a committee to carry out this project. Plans also call for this group to greet bureau members from other states passing through Louisiana by train and auto on their way to the Miami meeting. Souvenirs will be given to the visitors, who in many instances will be taken on tour of agricultural institutions in the area as a good will measure.

On the committee headed by Huenefeld will be members from each of the following organizations, the state department of agriculture, state department of commerce and industry and the state extension service.

Chemical Group To Be Addressed By Dr. R. S. Egly

Dr. Richard S. Egly, director of nitroparaffin development for the Commercial Solvents Corporation, will address members of the Monroe and El Dorado, Ark., section of the American Chemical Society and the El Dorado section of the American Institute of Chemical Engineers in a joint meeting at Sterlington CSC clubhouse on Pace Lake beginning at 7 p. m.

The meeting will be held at the Sterlington CSC clubhouse on Pace Lake beginning at 7 p. m. Dr. Egly, native of Indiana, will discuss "Nitroparaffins and their derivatives, a new field of petrochemicals."

Dr. Egly received his bachelor's degree in chemical engineering from Purdue University and then went to the University of Illinois for a M.S. and Ph. D. in chemical engineering. After receiving his Ph. D. in 1920, he went to work as a chemical engineer for CSC in Terre Haute, Indiana.

He has been closely associated with the nitroparaffin development since that time. He has also been head of the chemical engineering section of the research department and director of chemical research for CSC.

His present job involves coordination of all research, engineering and development activities pertaining to nitroparaffins and their derivatives.

Top Church Officials Will Address Group

Two state church officials will speak at the Brotherhood and Royal Ambassador Association Meeting of the twenty-three church Trenton Baptist Association, Sept. 11.

State R. A. Secretary Rev. Angus Neal and Secretary of Evangelism Rev. H. O. Cawker will seek to inspire both youths and adults toward even greater goals next year. All members are encouraged to be present.

Ice cream will be served immediately after the meeting.

Born in Earlinton, Ky., Nov. 13, 1891, Stodghill came to Rayville in 1907. With his father, the late E. E. Stodghill, he was co-founder of the People's Lumber Company. At the time of his death, he was president of the company, and was vice president of the Richmond State Bank.

He is survived by his widow and one son, J. E. Stodghill, Jr., of Rayville; three daughters, Mrs. Truman J. Green, of Delhi, Mrs. Lula Elizabeth McMahon, Rayville, and Mrs. Dorothy Lee Senac, Houma; two brothers, Hugh J. Stodghill and Marvin D. Stodghill, both of Rayville; one sister, Mrs. Tuth S. Girard, of Lafayette, and 11 grandchildren.

Funeral services will be at 4 p. m. Saturday at the First Methodist Church. Burial will be under the direction of the Mulhearn Funeral Home.

Pallbearers will be John C. Morris, Sr., W. D. Cotton, J. B. Thompson, Allen J. Cook, R. H. Guyton, L. C. Naron, H. W. Blakeman, C. J. Ellis, Sr., Fred Morgan, H. S. Shoemaker, J. C. Salmon and Dr. H. P. Corry.

Members of the official board of the First Methodist Church will be honorary pallbearers.

City Court

MONROE

Judge W. M. Harper heard the following cases in court Friday in which a total of \$2462 in fines was collected.

Willie Hiley, 37-year-old Negro of F22 Foster Homes, paid \$500 in fines for driving while under the influence of intoxicating beverages and reckless driving.

Charles McCurdy, 30, of 1002 Willsboro Road, was fined \$400 for driving while under the influence of intoxicating beverages.

Roosevelt Williams, 31-year-old Negro of 714 Griffin, was assessed a fine of \$350 for selling liquor on Sunday.

Fred Scott, Jr., Negro of 906 Camp, paid a total of \$100 in fines for drunkenness, disturbing the peace, and resisting arrest.

Fifty-nine traffic violators paid a total of \$1362 in fines, three persons were fined a total of \$75 for drunkenness, a fine of \$15 was collected from one person for fighting without lawful cause, and one person paid a \$50 fine for carrying a concealed weapon.

One person was given a 30-day compulsory jail sentence for habitual drunkenness.

WEST MONROE

A total of five cases were heard by Judge Jasper Jones in court Friday.

Three persons paid a total of \$45 in fines for disturbing the peace, and two traffic violators paid a total of \$41 in fines.

One Sentenced To Angola By Fourth District Court

A 26-year-old Monroe man received a sentence to the Louisiana State Penitentiary yesterday in Fourth District Court proceedings after pleading guilty to a felony theft.

The man, Willie Foster, Negro, of 608 Adams street, admitted taking a .38 pistol on August 21, from a desk drawer at the Pan-Am Service station at the intersection of Louisville avenue and Walnut street.

The pistol was valued at \$10.

In other action of a 'light' court day, Judge Jesse Heard, presiding, sentenced Clinton Lamar Anthony to six months in jail on charges of theft by check.

Three persons were each fined \$300 and costs on drunk driving charges. They were Willie Shorter, Shirley Sikes, and Sam Caldwell. Shorter was also fined \$25 and cost for no driver's license. Caldwell was given a 30 day jail sentence on a similar charge.

Three were fined \$25 and costs on charges of disturbing the peace. They were: Thomas Elmore, E. V. Bains, and Ivy Allan Petty.

Chairman Named For Membership Drive Of Bureau

Appointment of Everett Zeagler and Joe Dixon as co-chairman of the Ouachita Parish Farm Bureau's membership drive committee, was announced here yesterday by Fred Huenefeld, Jr., president of the organization.

The appointments were made earlier at an area-wide district meeting of bureau presidents and membership committee chairmen from Ouachita, Morehouse, Caldwell, Lincoln and Jackson parishes, which was held in the West Monroe Agriculture Building.

Purposes of the meeting was to set up the machinery for district section of the annual state membership drive, and to suggest quotas for parishes. Warren White, cotton and beef cattle farmer from Mer Rouge, and board of directors member from the district presided over the meeting, at which L. L. Lovell, state bureau president, was featured speaker. Membership quota was announced as 25,000 for the coming year, in contrast with the 18,500 current membership.

To push a plan for making a drive to have the state farm bureau well represented at the Miami, Fla., meeting of the American Farm Bureau Federation, December 9-13, Huenefeld was named chairman of a committee to carry out this project. Plans also call for this group to greet bureau members from other states passing through Louisiana by train and auto on their way to the Miami meeting. Souvenirs will be given to the visitors, who in many instances will be taken on tour of agricultural installations in the area as a good will measure.

On the committee headed by Huenefeld will be members from each of the following organizations, the state department of agriculture, state department of commerce and industry and the state extension service.

Chemical Group To Be Addressed By Dr. R. S. Egly

Dr. Richard S. Egly, director of nitroparaffin development for the Commercial Solvents Corporation, will address members of the Monroe and El Dorado, Ark., section of the American Chemical Society and the El Dorado section of the American Institute of Chemical Engineers in a joint meeting at Sterlington on September 23.

The meeting will be held at the Sterlington Clubhouse on Pace Lake beginning at 7 p. m.

Dr. Egly, native of Indiana, will discuss "Nitroparaffins and their derivatives," a new field of petrochemicals.

Dr. Egly received his bachelor's degree in chemical engineering from Purdue University and then went to the University of Illinois for a M.S. and Ph. D. in chemical engineering.

After receiving his Ph. D. in 1920, he went to work as a chemical engineer for CSC in Terre Haute, Indiana.

He has been closely associated with the nitroparaffin development since that time. He has also been head of the chemical engineering section of the research department and director of chemical research for CSC.

His present job involves coordination of all research, engineering and development activities pertaining to nitroparaffins and their derivatives.

Top Church Officials Will Address Group

Two state church officials will speak at the Brotherhood and Royal Ambassador Association Meeting of the twenty-three church Trenton Baptist Association, Sept. 11.

State R. A. Secretary Rev. Angus Neal and Secretary of Evangelism Rev. R. O. Cawker will seek to inspire both youths and adults toward even greater goals next year. All members are encouraged to be present.

Ice cream will be served immediately after the meeting.

Mrs. Harrell New Home Agent In Union Parish

FARMERVILLE, Sept. 7 (Special) — Mrs. Marietta N. Harrell has been named home demonstration agent in Union parish to replace Miss Ann Howser who is on leave in Arkansas, Mrs. Ada Han-

chey, northeast district agent, L. S. U. agricultural extension service, announced today.

This is a "return engagement" in extension work for Mrs. Harrell, as she served as home demonstration agent in Union parish from 1934-40. Her appointment became effective September 1.

Mrs. Harrell is a graduate of Louisiana Tech at Ruston, and has done graduate work at Kansas State College, Manhattan and at L. S. U. She has been supervising

school lunches in Morehouse parish for the past two years.

Due to illness of her father, Miss Howser was forced to take leave and return to Arkansas to be with him. She is now teaching in the public school while on leave from the extension service.

BUILDING PERMITS

The following building permits for the City of Monroe were issued Friday by building inspector Sam Awl:
